

**APPENDIX – 3**

**Matrix for coefficient of Correlation for WTP survey of car users**

| Independent Variables for Correlation |    |          |          |          |          |          |
|---------------------------------------|----|----------|----------|----------|----------|----------|
|                                       | X1 | X2       | X3       | X4       | X5       | X6       |
| X1                                    | 1  | -0.00958 | -0.11124 | -0.1966  | 0.300265 | 0.302282 |
| X2                                    |    | 1        | -0.22881 | 0.006011 | 0.08146  | 0.189707 |
| X3                                    |    |          | 1        | 0.040323 | 0.007978 | 0.180804 |
| X4                                    |    |          |          | 1        | -0.42253 | 0.038191 |
| X5                                    |    |          |          |          | 1        | 0.099676 |
| X6                                    |    |          |          |          |          | 1        |
