

ACKNOWLEDGEMENT

I wish to express my heartfelt gratitude to Professor Tara Gopaldas, Head of the Department of Foods and Nutrition, for her constant and invaluable guidance and encouragement throughout the course of the study, which made it possible for me to successfully complete my doctoral research.

I wish to thank the University Grants Commission for granting me the Junior and Senior Research Fellowships for financial support for my study.

The cooperation of the Chairman, Baroda Primary School Board is appreciated for permitting me to carry out my field study in four primary schools. Thanks are also due to the Principals, teachers, students and their parents who were extremely cooperative during the study period.

I take this opportunity to thank Mr. R.N. Saxena, Assistant Director, Indian Council for Social Sciences Research, New Delhi and Mr. Ajit Mathur, Indian Council of Medical Research, New Delhi for the help extended by them for computer analysis of the data.

Thanks are also due to Dr. S. Anandalakshmi, Director, Lady Irwin College, New Delhi for helping in designing the Cognitive Function tests.

My friends and colleagues deserve a special thanks for all their willing assistance. My thanks are also due to my room-mates, especially Ms. Bulbul Kunzru who very cheerfully bore all the mess I made, with sprawling papers. Very special thanks to my friend, Mr. Gagan Rao, who was a great motivating force behind me, making this thesis possible.

A special word of thanks to my fiancé, Mr. Prabhas Kashyap, who patiently waited all these years, constantly encouraging me throughout the study. And last, but not the least, I wish to thank my parents and sisters for the support, encouragement and understanding extended all through my research work.

(Ms. PURNIMA BHARDWAJ)
