

LIST OF TABLES

	Page No.
Table 2.1 Generalised Stratigraphy of Pranhita-Godavari Basin	15
Table 2.2 Different Versions of the Proterozoic stratigraphy of the Godavari valley.	21
Table 3.1 Stratigraphic correlation of Lower Gondwana sediments of Pranhita-Godavari Basin.	25
Table 3.2 Lithostratigraphic succession of Gondwana sediments around Bellampalli-Chinnur area Pranhita-Godavari Basin Andhra Pradesh.	27
Table 4.1 Percentage variation in thickness of bed of each grain size facies within Barakar, Barren Measures and Kamthi (Lower) Formations of the study area.	59
Table 5.1 Textural parameters of Talchir sands.	68
Table 5.2 Textural parameters of Barakar sands.	76
Table 5.3 Textural parameters of Barren Measures sands	84
Table 5.4 Textural parameters of Kamthi sands.	94
Table 6.1 Modal composition of Barakar sandstones	115
Table 6.2 Modal composition of Barren Measures sandstones	121
Table 6.3 Modal composition of Kamthi sandstone	129
Table 6.4 XRD results of sample P3 (Talchir diamictite)	138
Table 6.5 XRD results of sample P4 (Talchir clay)	139
Table 6.6 XRD results of sample P23 (Talchir needle shale)	140
Table 6.7 XRD results of sample P10 (Talchir clay)	141
Table 6.8 XRD results of sample P13 (Barakar clay)	142
Table 6.9 XRD results of sample M1/69 (Barakar shale)	143
Table 6.10 XRD results of sample P27 (Barakar carbonaceous clay)	144
Table 6.11 XRD results of sample P26 (Barakar clay)	145
Table 6.12 XRD results of sample C1/23 (Barren Measures clay)	146
Table 6.13 XRD results of sample M1/58 (Barren Measures clay)	147
Table 6.14 XRD results of sample C1/41	148
Table 6.15 XRD results of sample C1/4 (Kamthi)	149
Table 7.1 Distribution of heavy minerals	152
