

ACKNOWLEDGEMENTS

I express my sincere gratitude to Dr.P.N.Bhatt for suggesting the problem as well as guiding me in the right perspectives to the successful completion of the work.

I am indebted to Prof.A.R.Mehta for introducing me to the field of tissue culture and the helps extended to me during my early days of research.

I am thankful to Prof.S.D.Sabnis for the consistent encouragement showered throughout the course of this work.

I am grateful to all the teachers of the department especially Prof.R.P.Bhatt and Dr.G.P.Senan for their valuable advices during my tenure in the department.

I gratefully remember all my senior and junior colleagues of Botany Department, Microbiology Department and Biochemistry Department and others for the kind helps provided throughout the investigation.

Financial assistance (Research Fellowship) provided by C.S.I.R New Delhi is gratefully acknowledged.

JOSEKUTTY P.C.
