

List of graphs

| | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Graph 1.1: Percentage of pests in Vadodara agricultural fields..... | 6 |
| Graph 1.2: The consumption pattern of pesticides in India..... | 8 |
| Graph 4.1: Survival on natural & artificial diet..... | 86 |
| Graph 4.2: Survival percentage of larva on different artificial diets..... | 87 |
| Graph 4.3: Probit response for Chlorantraniliprole (1st gen)..... | 96 |
| Graph 4.4: Probit response for Chlorantraniliprole (2nd gen)..... | 97 |
| Graph 4.5: Probit response for Chlorantraniliprole (4th gen)..... | 98 |
| Graph 4.6: Probit response for Chlorantraniliprole (4th gen)..... | 99 |
| Graph 4.7: Probit response for Emamectin Benzoate (1st gen)..... | 100 |
| Graph 4.8: Probit response for Emamectin Benzoate (2nd gen)..... | 101 |
| Graph 4.9: Probit response for Emamectin Benzoate (3rd gen)..... | 102 |
| Graph 4.10: Probit response for Emamectin Benzoate (4th gen)..... | 103 |
| Graph 4.11: MA Plot of Treated vs Control..... | 111 |
| Graph 4.12: Volcano Plot of Treated vs Control..... | 112 |
| Graph 4.13: Top 50 most variable genes heatmap across samples Heatmap showing the top 50 genes with the highest variance across samples between the group of the 2 samples..... | 113 |
