

(i)

LIST OF TABLES

TABLE		PAGE NO
1	Scoring Components of the Rosenzweig Picture-Frustration Study.	56-57
2	Number, Mean and Median age and Standard Deviation of the experimental (Gujarati) and Control (Non-Gujarati) groups of subjects.	72
3	Distribution of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects in two educational levels.	72
4	Distribution of experimental (Gujarati) and Control (Non-Gujarati) subjects in four different occupation categories.	73
5	Distribution of marital status in experimental (Gujarati) and Control (Non-Gujarati) groups of subjects.	73
6	Charter of demands put by Yuvak Nav Nirman Samiti during the agitation (the verbal protest).	79-80

(ii)

TABLE		PAGE NO
7.1	Processions, parades, demonstrations and other activities which involves public display (Protestations with a tinge of humour.	81-82
7.2	Processions, parades, demonstrations and other activities which involves public display (Protestations with other assertive acts).	83-84-85
8	Strikes, bundhs and Civil disobediance	86-87
9	Public display of symbolic acts of extreme aggression.	88-89
10	Public display of the acts in which aggression is directed towards self to pressurise government.	90
11	Persuation, threat and Ultimatum	91
12.1	Public violence and distructions (Violence against property).	92
12.2	Public violence and distructions (Violence against persons).	93

(iii)

TABLE		PAGE NO
13	Mean, Median and Standard Deviation of percentage of extraggressive responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	94
14	Mean, Median and Standard Deviation of percentage of introgressive responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	95
15	Mean, Median and Standard Deviation of percentage of imgressive responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	96
16	Mean, Median and Standard Deviation of percentage of Obstacle-Dominant responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	97

TABLE		PAGE NO
17	Mean, Median and Standard Deviation of percentage of Ego-Defensive responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	98
18	Mean, Median and Standard Deviation <i>of N-P responses</i> of percentage of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	99
19	Mean, Median and Standard Deviation of percentage of Group Conformity Ratings of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	100
20	Application of the Median test to the percentage of <u>E</u> responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	101
21	Application of the Median Test to the percentage of <u>I</u> responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	102

TABLE		PAGE NO .
22	Application of the Median test to the percentage of $\underline{E} + \underline{I}$ responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	103
23	Application of the Median test to the percentage of $\underline{I} - \underline{I}$ responses of experimental (Gujarati) and control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	104
24	Mean and Standard Deviation of percentage of $\underline{E} - \underline{E}$ responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	105
25	Mean and Standard Deviation of percentage of $\underline{M-A} + \underline{I}$ responses of experimental (Gujarati) and Control (Non-Gujarati) groups of subjects on Picture-Frustration Study.	106
