

C O N T E N T S

CHAPTER - I : INTRODUCTION

| | | |
|------|--------------------------------------------------------------------------|----|
| 1.1 | Brief Review | 1 |
| 1.2 | Summary of the Thesis | 4 |
| 1.3 | Treatments, Treatment combinations and their responses | 5 |
| 1.4 | Orthogonal Arrays | 6 |
| 1.5 | Kronecker Product of Two Matrices | 9 |
| 1.6 | Mixed Array and Fractionally Replicated Asymmetrical Factorial Design | 10 |
| 1.7 | Effects of the 2^m Factorial Experiment | 12 |
| 1.8 | Effects of the 3^n Factorial Experiment | 14 |
| 1.9 | Effects of the $2^m \times 3^n$ Factorial Experiment | 16 |
| 1.10 | Fractional Replicate of the 2^m Factorial Design | 18 |
| 1.11 | Fractional Replicate of the 3^n Factorial Design | 21 |
| 1.12 | Fractional Replicate of the $2^m \times 3^n$ Factorial Design | 25 |

CHAPTER - II : FRACTIONAL FACTORIAL DESIGNS OF THE

| | | |
|-----|------------------------------------------------------------------------------------------------|----|
| | <u>TYPE 2^m</u> | 29 |
| 2.1 | Introduction | 29 |
| 2.2 | Estimability of Main Effects and Two Factor Interactions of a 2^m Factorial Experiment | 31 |

| | | |
|------------------------------------------------------------|--------------------------------------------------------------------------------|-----|
| 2.3 | Group Balanced Fractional Factorial Design (GBFF) of Type 2^m (Construction) | 47 |
| 2.4 | Fractional Replicate of a 2^m Design with Block | 54 |
| 2.5 | Construction of $1/2^{p-1}$ Fraction of 2^{3p} Factorial Design | 58 |
| 2.6 | Remarks | 62 |
| 2.7 | Partially Duplicated Fractional Factorial Design of Type 2^m | 63. |
| <u>CHAPTER - III : FRACTIONAL FACTORIAL DESIGNS OF</u> | | |
| | <u>THE TYPE 3^n</u> | 67 |
| 3.1 | Introduction | 67 |
| 3.2 | Fractional Replicate of a 3^n Experiment | 67 |
| 3.3 | Fractional Factorial of 3^6 Design from Arrays of Strength 3 in EG(6,3) | 84 |
| <u>CHAPTER - IV : FRACTIONAL FACTORIAL DESIGNS OF</u> | | |
| | <u>THE TYPE $2^m \times 3^n$</u> | 88 |
| 4.1 | Introduction | 88 |
| 4.2 | Construction | 92 |
| <u>BIBLIOGRAPHY</u> | | 113 |
