

A C K N O W L E D G M E N T S

I take the opportunity to express my deep gratitude to Professor Suresh Sethna for suggesting the problem and for his guidance during the course of this work.

My thanks are due to Dr. S.S.Lele for the Micro-analysis.

My grateful thanks are also due to Dr. A.H.Amin of Alembic Chemical Works Ltd., Baroda for testing the physiological activity of some of the compounds.

Finally, I thank all the fellow workers in the department for the help they have ungrudgingly rendered from time to time.

K. N. Trivedi
