

CONTENTS

CONTENTS

1	Introduction	1
2	Aims and Objectives	55
3	Experimental	56
4	Results and Discussion	
i	Chiral and Achiral Amido-Esters	132
ii	Cholesteryl Derivatives	162
iii	Other Mesogenic compounds	175
iv	Side Chain Mesogenic Polymers	182
v	Main Chain Mesogenic Polymers	194
vi	Model Compounds	211
vii	Evaluation of different Mesogenic Compounds	216
viii	Textures of Different Phases and Characteristics of Different phases by microphotography	237
5	Summary	251
6	References	259
7	Research Papers	287
