

## LIST OF FIGURES

Figure	Title	Page
7.1	Wetted surface area : Comparison of predicted versus experimental (literature) data.	133
7.2	Effective interfacial area during physical absorption : Comparison of predicted versus experimental (literature) data.	149
7.3	Effective interfacial area during absorption with chemical reaction : Comparison of predicted versus experimental (literature) data.	167
7.4	Static area in packed column : Comparison of predicted versus calculated values.	194
8.1	Volumetric liquid side mass transfer coefficient during physical absorption : Comparison of predicted versus experimental (literature) data.	219
8.2	True gas side mass transfer coefficient : Comparison of predicted versus experimental (literature) data.	264
8.3	True liquid side mass transfer coefficient : Comparison of predicted versus experimental (literature) data.	286
8.4	Volumetric liquid side mass transfer coefficient during gas absorption with chemical reaction : Comparison of predicted versus experimental (literature) data.	315
8.5	Comparison between the predicted and experimental values of ' $k_L a$ ' or ' $k_L' a$ ' for the case of very low concentration of reactive species.	319
9.1	Height equivalent of theoretical plate : Comparison of predicted versus experimental (literature) data.	349
