

## **ACKNOWLEDGEMENTS**

At the beginning I would like to thank the Almighty for providing all the necessary means and making me capable of undertaking the Journey. The said work would not have been possible with the blessings of God. It is rightly said **“Without the Grace of God we are nothing”**

I would like to thank wholeheartedly my Guide **Dr Arun G. Basrur**, for providing excellent guidance and mentoring during the Journey. Sir, without your support and help this would not have been possible. His excellent subject knowledge, in-depth data analysis and high level of curiosity are a few of the qualities which I look to emulate in my career. Sir, wishing to God for giving you always Happy, Peaceful and Healthy Life ahead.

I would also like to thank my Co-Guide **Dr Ran Bahadur Yadav**. His words of wisdom provided calm during the journey. His helping nature, and always providing the support when needed is what I need to aspire in me. Sir, thanks for supporting in the Journey and wishing to God to provide you the best always.

I would like to thank **Management of Sud-Chemie India Pvt. Ltd** for providing the opportunity to pursue Ph.D. programme while working at Sud-Chemie India Pvt. Ltd and providing the necessary facilities for completing the work. I would like to thank personally to **Mr. Surya Prakash Babu, Mr. V. Sreedharan, and Mr. Rajkumar Mukhopadhyay** for giving me the opportunity and trusting in me.

I would like to thank my Supervisor **Dr Dhanajay Sabde** at Sud-Chemie India Pvt. Ltd for providing the necessary supports in completion of the work. Sir, would like to thank you for your support and feedback while undertaking the work at Sud-Chemie India Pvt. Ltd.

I would like to thank **Professor Pradeep T Deota-Head; Applied Chemistry Department- The M.S. University of Baroda, Professor Ramnik C Tandel, and Associate Professor Chetan K Modi** for all their support during the Journey.

I am thankful to my current and past colleagues at Sud Chemie India Pvt. Ltd, **Mr. Gulamnabi Qureshi, Ms. Ibtisam Vohra, Mr. Pankaj Kanjani, Ms. Ahana Banerjee, Ms. Simmy Rathod, Mr. Atimya Bhatia, Mr. Pawan Mistry** for their immense help and support during the research work.

I am thankful to my Analytical team at Sud Chemie India Pvt. Ltd, **Dr. Suneet Kumar Yadav, Mr. Jayesh Mhalgi, Mr. Mukesh Patel, Mr. Maulik Patel** for their help in providing analytical support for characterization.

I would express my gratitude to **Dr Vikas Patel-SICART, Vallabh Vidyanagar** for helping us in performing HRTEM Studies.

I would like to thank all my colleagues from the Applied Chemistry Department, **Ms. Smita N Katariya, Dr. Dikin Patel, Dr. Ravi Vichalani, Mr. Parag Vaishnav, Mrs. Kamini Patel, Mrs. Bhavna Desai** for their support during the Journey.

The immense support and the qualities imbedded to be a better human being by my Mother **Mrs. Yasmein Vohra** and Father **Mr. Maqbool Vohra** has made me where I am in my life today. Thanks to my Mother and Father for the support always. My always supporting and understating Wife **Mrs. Sofiya Vora** contributed tremendously to this Journey and helped me a lot during tough times. Presence of my Son **Ayaan Vora** during this Journey had made it more enjoyable. Would like to thank my sister **Mrs. Tanzila Attarwala**, my brother-in-law **Mr. Onen**

**Attarwala**, my Niece **Ms. Kulsum Attarwala** and my nephew **Mr. Aliabbas Attarwala** for all the support provided.

## **TABLE OF CONTENTS**

<b>Summary</b> .....	1
<b>List of Abbreviations</b> .....	11
<b>Chapter 1 Introduction</b> .....	13
<b>Chapter 2 Supports</b> .....	23
2.1 Introduction.....	23
2.2 Experimental.....	27
2.2.1 Materials.....	27
2.2.2 Preparation.....	27
2.2.3 Material Characterization.....	31
2.3 Results.....	33
2.3.1 Chemical Compositions of Supports.....	33
2.3.2 Microstructure of Supports.....	33
2.3.3 Acidity by NH <sub>3</sub> - TPD.....	44
2.3.4 X-Ray Diffraction Measurements of Supports.....	47
2.3.5 Oxygen Storage Capacity Measurements of Supports.....	52
2.3.6 Thermogravimetry (DSC-TG) measurements of Supports.....	54
2.3.7 Fourier Transform Infra-Red (FTIR) Spectroscopy measurements of Supports.....	58
2.3.8 MBOH – Model reaction for chemical characteristic of Supports.....	59
2.4 Conclusions.....	71
References.....	73
<b>Chapter 3 Supported Nickel Metal Based Catalyst</b> .....	79
3.1 Preparation of Supported Nickel Catalyst.....	80
3.2 Chemical composition of catalysts.....	81
3.3 Microstructure of Supported Metal Catalysts.....	82
3.4 Acidity of Catalysts by NH <sub>3</sub> -TPD.....	87
3.5 Reducibility of NiO in the Catalysts: Temperature programmed reduction (TPR).....	93
3.6 Dispersion of Nickel.....	105
3.7 XRD Phase and Crystallite size of the catalysts.....	112
