

RESEARCH PAPERS.

Following papers were presented in International Conference.

1. Cholesteryl Dicarbonates with Rigid and Flexible Spacers.

R. A. Vora and V. R. Teckchnadani.

Presented at the Thirteenth International Conference on Liquid Crystals, Vancouver, Canada, July 22-27 (1990). [Accepted for the publication and in Press.]

2. New Di Cholesteryl Imide Esters (I) and Carbamate (II) with Flexible Spacers.

R. A. Vora and V. R. Teckchandani.

Presented at the Thirteenth International Conference on Liquid Crystals, Vancouver, Canada, July 22-27 (1990) [Accepted for the publication and in Press.]

3. Mesogenic Biphenyl Derivatives with Terminal Nitro substituent.

R. A. Vora and V. R. Teckchandani.

Presented at the Thirteenth International Conference on Liquid Crystals, Vancouver, Canada July 22-27 (1990).

Following papers are communicated for the presentation and subsequent publication in proceedings, Mol. Cryst. Liq. Cryst.

1. Fluorescent Mesogenic Polymers with Chalcone Linkage.

R. A. Vora, Veena Teckchandani and R. C. Tandel.

Communicated for the presentation at Fourteenth International Liquid Crystal Conference which is going to be held at Piza, Italy, June 1992.

2. Chiral and Achiral Liquid Crystalline Homologous series with Ester and Amide Central Linkage.

R. A. Vora, Nilesh Dixit and Veena Teckchandani.

Communicated for the presentation at Fourteenth International Liquid Crystal Conference, which is going to be held at Piza, Italy, June 1992.
