

LIST OF TABLES

<u>TABLE</u>	<u>Page</u>
2.1 Number of life insurance companies: 1929-1939	15
2.2 Growth of life business in India: 1914-1948	16
2.3 Life insurance business in force in India: 1949-1955	17
2.4 Growth statistics of LIC of India	19
2.5 Performance of LIC from 1991-92 to 1999-00: Individual Assurance	20
2.6 Performance of total life business of LIC in force from 1991-92 to 1999-00	20
2.7 Premium underwritten by life insurers and their market shares (Rs Crores)	27
2.8 New policies issued and their market share	29
4.1 Market share and harfindahl index of all life insurers (total premium)	58
4.2 Market share and harfindahl index for private life insurers (total premium)	60
4.3 Entropy for all life insurers (total premium)	61
4.4 Entropy of all private life insurance firms (total premium)	62
4.5 Market share and HHI of life insurance industry (equity share capital)	64
4.6 Market share and HHI of all private life insurance firms (equity share capital)	65
4.7 Entropy of all life insurance firms (equity share capital)	67
4.8 Entropy of all private life insurance firms (equity share capital)	68
4.9 Market share and HHI of all life insurance firms (total assets)	70
4.10 Market share and HHI of all private life insurance firms (total assets)	71

4.11	Entropy for all life insurance firms (total assets)	72
4.12	Entropy of all private life insurance firms (total assets)	73
4.13	HHI, E, CR1 and CR4 compared (total premium)	76
4.14	HHI, E, CR1 and CR4 compared (equity share Capital)	76
4.15	HHI, E, CR1 and CR4 compared (total assets)	76
4.16	Insurance penetration and density in India (1999-2009)	79
4.17	Growth of LIC of India's rural new business (1994-95 to 2009-10)	80
4.18	Growth of postal life insurance (PLI) and rural postal life insurance (RPLI) in India (2001-02 to 2009-10)	82
5.1	Descriptive statistics of inputs (Rs in lakh)	105
5.2	Descriptive statistics of outputs (Rs in lakh)	105
5.3	Gross efficiency scores at constant return to scale (CRS) i.e. technical efficiency (TE)	107
5.4	Efficiency scores at variable return to scale (VRS) i.e. pure technical efficiency (PTE)	108
5.5	Scale efficiency scores of the companies	110
5.6	Year-wise CRS, VRS and SE of insurers	112
5.7	Number of insurers by level VRS efficiency	115
5.8	Number of insurers by level of scale efficiency	115
5.9	Number of insurers by level of CRS efficiency	116
5.10	Malmquist productivity index (MPI) of the insurers	126
5.11	MPI decomposed into technical efficiency change (TEC) and technical change (TC)	127
6.1	Number of products offered by life insurers in India	132
6.2	Number of riders attached to life insurance policies in India	133
6.3	Trends in life insurance business-unit linked insurance plans	133
6.4	Individual business within India-business in force (Number of policies in '000)	134

6.5	Link and non linked business to total business in force (percent)	135
6.6	Total death claims (claim pending at start of year +claims initiated) in number of policies	139
6.7	Total death claims paid in number of policies	140
6.8	Percentage of death claims paid to total claims in number of policies	141
6.9	Total death claims (claim pending at start of year+claims initiated) in benefit amount for all firms	142
6.10	Total death claims paid in benefit amount by all insurance firms	143
6.11	Percentage of death claims paid to total claims in benefit amount	144
6.12	Top 5 in the highest percentage of claim paid in benefit amount	145
6.13	Death claim repudiated in number of policies	147
6.14	Percentage of claims repudiated to total claims in number of policies	148
6.15	Death claim repudiated in benefit amount by all firms	149
6.16	Percentage of claims repudiated to total claims in benefit amount by all firms	150
6.17	Top 5 in the lowest percentage of claim repudiated in benefit amount	151
6.18	Death claims pending at the end of the year in number of policies	153
6.19	Percentage of death claims pending to total claims in number of policies	154
6.20	Death claims pending in benefit amount at the end of	

the year	155
6.21 Percentage of death claims pending to total claims in benefit amount	156
6.22 Top 5 in the lowest percentage of claim pending in benefit amount	157
6.23 Status of grievances-life insurers	159
6.24 Performance of Ombudsman –life insurance	160
6.25 Information technology and related expenses, Rs. 000's	162
6.26 New business underwritten (Life) through various intermediaries - in percent	164
7.1 Summary of CR4 (%) in terms of total premium, equity share capital and total assets	170
7.2 Summary of average efficiency and productivity of Indian life insurance industry	172
7.3 Summary of distribution of insurers by level of efficiency	172

LIST OF BOXES, CHARTS, FIGURES AND APPENDICES

BOX

2.a Milestones of insurance regulations in the 20th Century	11
2.b Life insurance companies in India	24
5.1 Summary of studies of insurance industry's efficiency	88
5.2 Overview of input and output used by authors in DEA based efficiency analysis of Life Insurance firms	101

CHART

4.1 HHI and Entropy of life insurance industry (total premium)	63
4.2 HHI and Entropy of private life insurers (total premium)	63

4.3	HHI and Entropy of life insurance industry (equity share capital)	69
4.4	HHI and Entropy of private life insurers (equity share capital)	69
4.5	HHI and Entropy of life insurance industry (total assets)	74
4.6	HHI and Entropy of private life insurers (total assets)	74
6.1	Chart showing performance of Ombudsman-Life insurance industry	160

FIGURE

5.1	Efficiency frontiers under CRS and VRS	92
5.2	Malmquist Index of TFP (Input based) and Input distance Functions	121

APPENDIX

A.1	Total life insurance premium (Rs Crore)	177
A.2	Equity share capital if life insurers (Rs Crores)	178
A.3	Total assets of life insurers (Rs Crores)	179
A.4	Values of input variables viz. commission expense and operating expense (in lakh)	180
A.5	Values of output variables viz. premium and benefit paid (in lakh)	181
