

ACKNOWLEDGMENTS

First, I bow down to the feet of God, the Almighty, who has granted countless blessings throughout my research work. His benevolence has made me successful in my academic pursuits

Secondly, I would like to express my deep and sincere gratitude to my supervisor and mentor **Dr. Viral Kapadia**, Associate Professor, CSE Department, Faculty of Technology & Engineering, and Deputy Director, Computer Centre, The Maharaja Sayajirao University of Baroda, Vadodara, for his continuous motivation, invaluable advice, and guidance. His wisdom, knowledge, and commitment to the highest standards greatly inspired and motivated me. He has been very generous in providing help for carrying out my research. He is a gentleman who does all his duties with full devotion. I feel proud to have him as my Ph.D. guide.

I am thankful to my parents and family; they have always motivated me to do good for society. I owe a lot to my husband, as I could not give enough time to him during this duration of doctoral studies, and he used to take on many responsibilities at home so I could focus on my work. This work would not have been possible without their generous and selfless support.

I am grateful to **Dr. Apurva Shah**, Head, and Professor, CSE Department, Faculty of Technology and Engineering, The Maharaja Sayajirao University of Baroda, Vadodara, for giving valuable suggestions to improve the betterment of this work.

I am also thankful to all the faculty members and non-teaching staff of the CSE Department, Faculty of Technology & Engineering, The Maharaja Sayajirao University of Baroda, Vadodara, for providing the help I needed at any point of time in this duration and who has always stood by me.

I am also thankful to **Dr. Chirag Patel**, Associate Professor, Department of Computer Engineering, DEPSTAR, CHARUSAT, and **Dr. Mohamed Rafik Noor Mohamed Qureshi**, Associate Professor, Industrial Engineering Department, King Khalid University, Saudi Arabia, for guiding me in various experimental evaluation.

Finally, I thank my colleagues in the department at my previous and current institute whose support and guidance helped me advance. I am thankful to all my friends and well-wishers who supported me morally and financially throughout this period.
