

## **ACKNOWLEDGEMENT**

For any task to be completed successfully requires tough will and a very strong determination. But if you do not have a firm and a rigid support of some wonderful people around you, it would not be possible to reach the final destination.

In my journey towards the successful completion of this thesis, I also required a lot of support and help of many people without whose support the successful completion was not even dreamed of.

In the first place, I would like to record my sincere gratitude to my guide Prof. K Baba Pai for his supervision, advice and guidance from the very early stages of this thesis as well as giving me extra ordinary experiences throughout the work. He has inspired, encouraged and heart whelming fully supported me for every trails that came my way.

I am also very thankful to Prof. S.K. Dutta, Head, Metallurgical and Materials Engineering for proving facilities in the department & extending help.

I extremely Thankful to L& T organization & especially Mr Allwyn Lewis, Mr. Rajesh Mandani, & Mr Mitul Patel for helping me for development of weld overlays using their consumable & equipments and also providing facilities for heat treatment at their work place.

I would like to thank Mr. M.N Patel, Mr.B.J.Chahan , Dr. (Mrs.) Vandana j. Rao and Mr.Rajesh Pepavanshi, Mr. Hardik Talati & Mr. Amit Kahar for their help in the micro structural examination in Nephote-2 microscope & SEM & EDX and fruitful interaction during the same. I am also grateful to all the teachers and all the non teaching staff members of the department for their direct or indirect involvement in providing the use of laboratories and equipments as and when required during my project work.

My heartfelt gratitude to my parents Dayarambhai & Kokilaben for their continuous support & encouraging me through my all endeavor.

I am thankful to my wife Tejal for keeping patience & compromise during this journey. I am very thankful to my daughter Harshita & recent born son Krishiv for bringing smile on my face when I was tired during this journey and I am very sorry to both of them for not spending time with them.

I am very thankful to my sister Hetal & my brother Vishal for looking after my child when I was very busy in the research work & supporting & helping me .

Above all, I will owe it all too **Almighty God SHIV** for granting me the wisdom, health & strength to undertake this research task & enabling to its completion.
