

### A C K N O W L E D G E M E N T S

I wish to express my indebtedness and deep sense of gratitude to Dr. A. R. Mehta, Reader in Botany and National Correspondent (INDIA) for International Association for Plant Tissue and Cell Culture, Department of Botany, M. S. University of Baroda, Baroda, for making this study possible, and for his guidance and criticism given during the course of this research and in the preparation of this manuscript.

Grateful acknowledgement is also made to :

Professor C. H. Pathak, Head, Department of Botany for the facilities provided in the Laboratory.

All my research colleagues in the Tissue Culture Laboratory who kindly helped with various aspects of this work.

Dr. P. V. Subba Rao, Lecturer, Biochemistry Department, Indian Institute of Science, Bangalore, for his valuable guidance and co-operation during my short-term research work on certain enzymological aspects at the Institute.

The University Grants Commission, New Delhi, for financial assistance given during the course of this work.
