A doctoral thesis is often described as a solitary endeavour; however, the long list that follows proves the opposite. Undertaking this Ph.D. has been a truly life changing experience for me. I cannot begin without expressing my gratitude to many outstanding individuals for their collaborative efforts, which helped me to accomplish my research goal and shape a significant milestone.

The words fall short to thank my guide **Dr. Kauresh D. Vachhrajani** who accepted me as a Ph.D. student under his guidance and for providing all the support, insight and patience. Without his active guidance, help, cooperation and encouragement, I would not have made headway in this research. His dynamism, vision, sincerity and motivation have deeply inspired me. It was a great honour to work under his guidance. Also, thank you sir, for providing me with the guidance of one of the best co-guides. And with that, many thanks to **Dr. Jigneshkumar N. Trivedi** who introduced me to the wonderful world of crabs and have been a constant source of information, knowledge, enthusiasm, and inspiration to work hard. I am very thankful for his invaluable guidance, encouragement, academic stimulus and generous help. From the inception to this completion, he has devoted so much into my study. I have not only gained knowledge but also a rigorous scientific approach and the dedicating spirit for work. He has infused me with enthusiasm for research. Without his supervision, I would not have completed this challenging journey. He is a true example of “Never settle for less” and constantly motivated me throughout my PhD journey to achieve more knowledge and success in the stream. I also see him as my mentor who is always there for me during all my difficulties whether being professional or personal and I will always be deeply indebted to him. I would also like to thank **Deepti madam** and **Dhruva madam** for their constant support throughout my journey, for invitations and warm hosting at their houses and always making me feel at home.

I also would like to thank former Heads of Department, **Prof. Dolly Kumar**, for her inspiring and

endearing personality, and **Prof. Pragna Parikh** for her valuable support and guidance during the study period. I would also like to extend my sincere thanks to my now retired teachers, **Prof. Geeta Padate, Prof. P. C. Mankodi**, as well as present teachers, **Dr. R. V.
