

Acknowledgement

I express my sincere appreciation to Dr. Satyajeet Baban Chaudhari, a respected constructor of my studies and an Associate Professor and Head of the Department of Textile Engineering at the Faculty of Technology & Engineering, The Maharaja Sayajirao University of Baroda. His guidance, leadership, feedback, encouragement, tolerance, and support had been significant in the development of this research. His broad understanding of science has always provided me with an unlimited supply of ideas and motivation, significantly improving my growth as a student and industrial scholar. I am grateful to you, sir, for developing in me a sense of self-assurance.

Additionally, I would like to express my gratitude to Prof. (Dr.) Pravin C. Patel, former Head of Department of Textile Engineering, for his unwavering backbone support and assistance from the beginning of this project, as well as for providing me with exceptional help throughout the process.

I would like to express my special thanks to Dr. Bharat H. Patel, Associate Professor of Department of Textile Chemistry, for his technical guidance and moral support in my research work.

I would like to thank to the CMD - Mr. Chirag Pan & Director - Mr. Jatin Panchani, Director-Mr. Amber Patel, My Mentor Mr. Jatin Panchani, for their support and visions that made my time a great learning experience.

I would like to thank to the CMD - Mr. Prakash Sekhani & Director - Mr. Shrey Sekhani, My Mentor Mr. Shrey Sekhani, Mr. Rinish Sekhani & Gunjan Sekhani, for their support during my joining in Ph.D. research and visions that made my time a great learning experience.

My sincere thanks are due also to Shri. Ayan Chakraborty, [Sr. Vice President and Plant head at Ginni Filaments Ltd], helpful instructions and suggestions proved to be of special inputs in my research. His continuous encouragement despite of his busy schedule, he always did with a willing smile.

My sincere thanks are due also to Shri. Basudev Basu, [Assistant Vice President at Welspun India Limited], helpful instructions, provide research raw material form his company and his suggestions proved to be of special inputs in my research. His continuous encouragement despite of his busy schedule, he always did with a willing smile.

My sincere thanks are also due to Shri. Jay Kagathara, [Director at Spunweb Nonwoven Pvt Ltd], helpful instructions, provide research raw material from his company in my research work.

My special thanks to Xiangwu Zhang [Dean at Wilson College of Textiles; USA], helpful provide guide line for sustainable materials.

Collective and individual acknowledgments are also owed to lab mates whose presence show how perpetually refreshed, helpful and memorable. Many thanks goes in particular to Bhadrashbhai, Amrish, Hemang, Priteshbhai and Bhupendra for giving me such a pleasant time when working together with them.

My parents deserve special mention for their support and prayers. My mother late Smt. Yeshodharaben, who sincerely raised me with her care, love and constant source of inspiration. My father Shri. Bipinchandra Kharva, who put the fundament of learning character in me and supported to peruse my educational carrier. I owe so much to my wife, Nirali for her constant encouragement and support throughout my life. I would like to thank my brother Chirag Bhai and Monica Bhabhi for showing me ‘the meaning of life’.

I would like to thank my late mother-in-law Smt. Geeta Khalasi and my father-in-law Shri. Baldev Bhai khalasi for their love and support, especially within my last three months of Ph.D. studies. Without them, this day would not have been possible. I would also like to thank my sister-in-law (Vandana ben, Sejal ben and Archana ben) for the good times in my life.

Finally, I would like to thank everybody who directly or indirectly involved in the successful completion of this thesis, as well as expressing my apology that I could not mention personally one by one.

Finally, I thank to almighty for his blessings on me forever.....

Kharva Arpan Bipinchandra
