	List of Tables	xiii-xvii
	List of Graphs	xviii-xix
	List of Abbreviations	xx-xxi

## CHAPTER - I

### INTRODUCTION

1.1	Introduction	1-2
1.2	Statement of the problem	2
1.3	Objectives of the study	3
1.4	Need of the study	3
1.5	Scope of the study	3
1.6	Hypothesis	7
1.7	Limitation	7
1.8	Definition of the key word	7
1.8.1	Print media	7-8
1.8.2	Electronic resource media	9-10
1.9	Conceptual framework of the study	10
1.10	Structure of the research study	11
	References	12

## CHAPTER – II

### REVIEW OF LITERATURE

<b>Section</b>	<b>Content</b>	<b>Page No</b>
2.1	Introduction	13
2.2	Source Of Literature	14
2.3	Review Of Literature	14-23
2.4	Conclusion	23
	References	24-28

### **CHAPTER – III**

#### **RESEARCH METHODOLOGY**

3.1	Definition of Research	29
3.2	Scope of the Study	29
3.3	Sample size for the study	29-32
3.4	Preparation of questionnaires	33
3.5	Selected SurveyMonkey.com for the creation of questionnaire	33
3.6	Selection of standard package from the different option in SurveyMonkey	33
3.7	Trial questionnaire prepared by the researcher	33
3.8	Pilot study	34
3.9	Pilot studies reformed	34
3.10	Data collection	34-35
3.11	Data analysis	35
3.11.1	Types of questions	35
3.11.2	Data analysis tools	35
3.12	Data presentation	36
	Citation style	36

<b>Section</b>	<b>Content</b>	<b>Page No</b>
	References	37

## **CHAPTER – IV**

### **SECTION – I**

#### **PRINT MEDIA AND ELECTRONIC MEDIA.**

4.0	Introduction	38
4.1	History of recording media	38-40
4.2	Origin and development of print media	40-42
4.3	Print media	42-43
4.4	Electronic media	43-48
4.5	Difference between Print resource media v/s. Electronic resource media.	48-49

### **SECTION – II**

49-56

#### **PROFILE OF ENGINEERING COLLEGES**

References	57

## **CHAPTER - V**

### **ANALYSIS AND INTERPRETATION OF DATA**

5.0	Introduction	58-59
5.1.0	Demographic profile	59
5.1.1	Department wise distribution of source of data	59-61
5.1.2	College wise distribution of source of data	61-63
5.1.3	Age wise responses	63-64
5.1.4	Gender wise responses	64-65

<b>Section</b>	<b>Content</b>	<b>Page No</b>
5.1.5	Designation wise responses	65-66
5.1.6	Educational qualification wise responses	66-67
5.1.7	Visit to library wise responses	67-68
5.1.8	Library working hours are convenient for users	68-69
5.1.9	Summary	69
5.2.0	Mode of using the library resources for retrieving information to satisfy the purpose of the visit by respondent towards print media and electronic resources media.	70-71
5.2.1	Frequency of preference for retrieving information to satisfy purpose of visit across age	71-78
5.2.2	Frequency of preference for retrieving information to satisfy purpose of visit across gender	78-83
5.2.3	Frequency of preference for retrieving information to satisfy purpose of visit across status	83-89
5.2.4	Frequency of preference for retrieving information to satisfy purpose of visit across education.	89-97
5.3.1	Frequency of preference for easily accessibility of library resources across age.	98-107
5.3.2	Frequency of preference for easily accessibility of library resources across gender.	107-113
5.3.3	Frequency of preference for easily accessibility of library resources across status.	114-121
5.3.4	Frequency of preference for easily accessibility of library resources across education.	121-131
5.4.1	Frequency of preference for easily suitability of library resources across age.	131-139
5.4.2	Frequency of preference for easily suitability of library resources across gender.	139-145
5.4.3	Frequency of preference for easily suitability of library resources across status.	145-152
5.4.4	Frequency of preference for easily suitability of library resources across education.	153-161
5.5.1	Frequency of preference for easily accessibility in your library across age.	162-165
5.5.2	Frequency of preference for easily accessibility in your library across gender.	166-168

<b>Section</b>	<b>Content</b>	<b>Page No</b>
5.5.3	Frequency of preference for easily accessibility in your library across status	168-170
5.5.4	Frequency of preference for easily accessibility in your library across education.	170-173
5.6.1	Frequency of preference for viability of valuable opinion about use of library resources across age.	175-178
5.6.2	Frequency of preference for viability of valuable opinion about use of library resources across gender.	178-181
5.6.3	Frequency of preference for viability of valuable opinion about use of library resources across status.	181-185
5.6.4	Frequency of preference for viability of valuable opinion about use of library resources across education.	185-189
5.7.1	Frequency of preference for feasibility of valuable opinion about use of library resources across age.	190-193
5.7.2	Frequency of preference for feasibility of valuable opinion about use of library resources across gender.	193-196
5.7.3	Frequency of preference for feasibility of valuable opinion about use of library resources across status.	196-199
5.7.4	Frequency of preference for feasibility of valuable opinion about use of library resources across qualification.	199-203
5.8.1	Frequency of preference for print media if your library has access to electronic resource media across types of resources.	203
5.9.1	Frequency of to what extent do you normally use electronic resources and printed materials	204
5.10.1	Frequency of are you satisfied with the collection of print media and electronic resource media in your library	204-205
5.11.1	Frequency of do you think that the environment of electronic is more open then printed one.	205
5.12.1	Frequency of do you think that electronic resources are most useful for your institution library.	205
5.13.1	Frequency of do the users get more benefit by electronic resources and services than the hard copy of books and journals.	206
5.14.1	Frequency of opinion about the ideal infrastructures required for having good library in institute set up.	206-207
5.15.1	Suggestion about the print media and electronic resource media collection	207-208
5.16.0	Mean comparison of average mean score between purposes of visit	208

<b>Section</b>	<b>Content</b>	<b>Page No</b>
5.16.1	Average (mean) score of purpose of visit library resources media across the age.	209-210
5.16.2	Average (mean) score of purpose of visit library resources media across the gender.	210-211
5.16.3	Average (mean) score of purpose of visit library resources media across the status.	211-212
5.16.4	Average (mean) score of purpose of visit library resources media across the education.	212-213
5.17.0	Average (mean) score of purpose of library resources accessibility to the print media versus electronic resource media	214
5.17.1	Average (mean) score of purpose of library resources media accessibility across the age.	214-215
5.17.2	Average (mean) score of purpose of library resources media accessibility across the gender.	216-217
5.17.3	Average (mean) score of purpose of library resources media accessibility across the status.	217-218
5.17.4	Average (mean) score of purpose of library resources media accessibility across the education.	218-219
5.18.0	Average (mean) score of purpose of library resources suitability to the print media versus electronic resource media	219
5.18.1	Average (mean) score of purpose of library resources media suitability across the age.	220-221
5.18.2	Average (mean) score of purpose of library resources media suitability across the gender.	221-222
5.18.3	Average (mean) score of purpose of library resources media suitability across the status.	222-223
5.18.4	Average (mean) score of purpose of library resources media suitability across the education.	223-224
5.19.0	Average (mean) score of library resources are easily accessible in print media versus electronic resource media	225
5.19.1	Average (mean) score of accessible of library resources media across the age.	225-226
5.19.2	Average (mean) score of accessible of library resources media across the gender.	226-227
5.19.3	Average (mean) score of accessible of library resources media across the status.	228-229
5.19.4	Average (mean) score of accessible of library resources media across the education	229-230
5.20.0	Average (mean) score of library resources have viability in print media versus electronic resource media	230

<b>Section</b>	<b>Content</b>	<b>Page No</b>
5.20.1	Average (mean) score of viability of library resources media across the age.	231-232
5.20.2	Average (mean) score of viability of library resources media across the gender.	232-233
5.20.3	Average (mean) score of viability of library resources media across the status.	233-234
5.20.4	Average (mean) score of viability of library resources media across the education.	234-235
5.21.0	Average (mean) score of library resources have feasibility in print media versus electronic resource media	236
5.21.1	Average (mean) score of feasibility of library resources media across the age.	236-237
5.21.2	Average (mean) score of feasibility of library resources media across the gender.	238-239
5.21.3	Average (mean) score of feasibility of library resources media across the status.	239-240
5.21.4	Average (mean) score of feasibility of library resources media across the education.	240-241
6.0	Findings , suggestions and conclusion	242
6.1	Findings of the study	242-272
6.2	Suggestions for further research	273
6.3	Conclusion	273-274
	<b>Appendixes</b>	
	Bibliography	275-281
	Questionnaire	282-286
