•

,

| 1.  | Frequency-Rank Distribution of a Text with                      |              |
|-----|---|--------------|
| •   | N = 3216 Words  | 139          |
|     |   |              |
|     | LIST OF TABLES  |              |
| 1.  | Ranks of rules according to their frequency in                  |              |
|     | the various semples   | 221          |
| •   |   |              |
| 2.  | Relative frequencies of the high frequency<br>rules in Sample I | 222          |
|     | rutes tu pambre t   | 222          |
| 3.  | Relative frequency in percentage of prepositions                |              |
|     | at various depths in Sample I (BUDDENBROOKS)                    | 223          |
| 4.  | Relative frequencies of the high frequency                      |              |
| τŧ  | rules in Sample II  | 224          |
|     | • •••• ••••   | ~~~          |
| 5.  | Frequencies of rules in Rendom Sample from                      |              |
|     | BUDDENBROOKS  | 225          |
| 6.  | Relative frequencies of the high frequency                      |              |
|     | rules in Random Sample from BUDDENBROOKS as                     |              |
|     | percentage of total number of rules.                            | 226          |
| 7.  | Absolute frequencies of the high frequency                      |              |
| 1   | rules in random sample from FELIX KRULL                         | 227          |
|     |   | 4 <b>6</b> ( |
| 8.  | Relative frequencies of the high frequency                      |              |
|     | rules in random sample from FELIX KRULL at                      |              |
|     | various depths as percentage of total number<br>of rules        | 228          |
|     |   | 220          |
| 9.  | Absolute values of the high frequency rules in                  |              |
|     | random sample from DOKTOR FAUSTUS                               | 229          |
| 10. | Frequency of prepositions in Sample I                           |              |
|     | (BUDDENBROOKS)  | 230          |
|     |   | 2,00         |
| 11. | Frequency of Prepositions in Sample II                          |              |
|     | (BUDDENBROOKS)  | 232          |
| 12. | Words of over 1 per mille relative frequency                    |              |
| ,   | from Kaeding's list   | 233          |
|     |   |              |
