

## INTRODUCTION

My thesis primarily bases on 'Qoran'; The Words of Almighty Allah. The Qoran is in ARABIC Literature. And secondly on the Modern Science.

### The Qoran:

Arabic is the richest and most living language in the Universe. The richness of Arabic language speaks itself, when we observe that there are more than hundred words are used for certain animals, like horse, camels and lions families. The liveliness of the Arabic language is proved when we note that a single word of Arabic language speaks from all its sides. For example; the Arabic words 'كَبَر' means 'camel'. If we read from back side i.e. 'رَكَب'; it means 'to ride'. If we read middle letter first, then first letter and last letter in the last, we get a new word i.e. 'كِبَر' means 'greatness'. If we read middle letter first, then the last letter and lastly the first letter, again we get a new word: 'كَب'; means 'grief'.

When Arabic language is spoken, almost each part of the tounge is engaged to deliver the exact & accurate 'Pronunciation'; for example the delivery of '4' letters of the same origin:

<u>letters</u>	<u>tounge's part used</u>
ث	tip of tounge/upper & lower front teeth
س، ص	tip of tounge
ش	middle & upper part of tounge

The pronunciation in Arabic language is so important and delicate that with slight difference in pronunciation of the word, whole the meaning is changed. For example 'Qalb' 'قلب' means: Heart, while 'Kalb' 'كلب' means: Dog.

Qoran is the outstanding master piece of Arabic language, and literary beauty is found in it. The following episode is enough to illustrate the beauty and flawlessness of the Qoranic literature:

"It was a very popular tradition in Arab World to organize 'Okaz' fair near Makkah, annually. Where highly renowned poets of Arabic literature were invited for a prestigious competition. Best recited poem was highly awarded and its text were embroidered on pure silk cloth with pure gold thread, and hanged on the wall of Kaba for whole the year. There are only seven such poems, known as 'Seven Odes' 'سَبْعَ مَعْلَمَات'. Seven Odes were considered the most famous pieces of Arabic literature, till the revelation of Qoran.

When 'Inna Ataina ' a Qoranic Verse:

إِنَّا أَنْعَمْنَا عَلَى الْكَافِرِينَ فَاصْلِحْ لِرَبِّكَ وَأَنْحَرُهُ إِنَّ شَانِكَ هُوَ الْأَبْتَرُ  
(عم - الكوش)

revealed, Prophet Mohammad s.a.w. asked Omar r.a.a. to write this Verse on the wall of Kaba, near seven odes. When the admirers and great poets of seven odes saw it, they were so amused to see the literary beauty that they exclaimed:

“مَا هَذَا قَوْلُ الْبَشَرِ”

Qoranic melodious literature not only sweetens the ears but also enlightens the brain and commands the hearts.

Qoran focusses on the ONENESS of Allah The Almighty. At the same time Qoran emphasizes to be faithful to The Prophet Mohammad s.a.w., for the welfare of Humanity in this mortal world and therefore reserve the right for reward in the 'life after death', if faithfulness proved genuine to Allah The Almighty & His Prophet Mohammad s.a.w. On the other hand, disobedients to Allah The Almighty & His Prophet Mohammad s.a.w., will be awarded punishments accordingly.

As a matter of fact, Qoran covers each and every aspects of life: i) Ethical & Moral Teachings, ii) History, iii) Geography, iv) Mathematics & v) Sciences, apart from be faithful to Allah and His Prophet Mohammad s.a.w. etc. etc.

#### i) Ethical & Moral Teachings:

Qoran instructs the mankind to obey Allah The Almighty & His Prophet Mohammad s.a.w.: **يَا أَيُّهَا الَّذِينَ آمَنُوا إِنَّا أَنْزَلْنَا إِلَيْكَ الْكِتَابَ وَالَّذِي أُنْزِلَ عَلَى رَسُولِهِمُ وَالْكِتَابُ الَّذِي نَزَّلَ مِنَ قَبْلُ وَمَنْ يَكْفُرْ بِاللَّهِ وَمَلَائِكَتِهِ وَكُتُبِهِ وَرُسُلِهِ وَالْيَوْمِ الْآخِرِ فَقَدْ ضَلَّ ضَلَالًا بَعِيدًا ٥١ (5- انسان - ١٣٦)**

Qoran instructs the mankind to discharge duties to wards Prents, Relatives, be kind to neighbours & help the orphans and needy persons, etc:

**لَا تَحِبُّوا دُنَى اللَّهِ تَفَرُّوا بِالْوَالِدَيْنِ إِحْسَانًا وَذِي الْقُرْبَى وَالْيَتَامَى وَالْمَسْكِينِ وَ**

**قُولُوا إِنَّمَا يَنْبَغُ حُسْنًا وَأَقِيمُوا الصَّلَاةَ وَآتُوا الزَّكَاةَ ٥٠ (١- البقرة - ٨٣)**

## ii) History:

The Qoran describes the stories of Prophets, Kings, Magicians, Non-believers, Fighters, Conquerers & Scientists etc. The detailed descriptions of Adam a.s., Dawood a.s., Suleman a.s., Nooh a.s., Ibrahim a.s., Ismail a.s., Zakaria a.s., Yahya a.s., Loot a.s., Moosa a.s., Isaa a.s., Zulqarnain a.s., Luqman a.s., Firoun, Haman and the last Prophet of Islam Hz Mohammad Mustafa s.a.w. etc.

Most of the names mentioned above were 'messenger' from Almighty Allah. Some of the Prophets were Great Rulers like Hz Dawood a.s., Hz Suleman a.s., Hz Yusef & Hz Zulqarnain; Alexandra The Great etc. Some Prophets were great scientists, like Hz Dawood a.s., Hz Suleman a.s. & Hz Luqman a.s. etc.

Some evil natured souls were in existence, like Firoun, Haman, Namrood, Jaloot & Abu Lahab etc., Qoran reveals regarding them:

• وَقَالَ فِرْعَوْنُ لِيَصْنَعُ ابْنُ لِي مِثْلَ الْعَالِي آتِلْنِي بِالسَّحَابِ لِأَسْقِيَهُ  
(24- المؤمن - 37)

• تَبَتَّ يَدَا ابْنِ لَحْمٍ ... (30- الصب - 1)

• وَلَقَدْ بَرَزُوا لِيَجَالُوتَ وَجُنُودِهِ ... (2- البقرة - 250) وَقَتْلَ رَاوِدُ جَالُوتَ وَأَشْهَدُ أَنَّهُ الْمَلِكُ

وَالْحِكْمَةُ وَعَلَّمَهُ مِمَّا يَشَاءُ ... (2- البقرة - 251)

Qoran also reveals the existence of Angels & Jinns, before the creation of Hz Adam:

وَخَلَقَ الْجَانَّ مِنْ نَارٍ (27- الرحمن - 15)

## iii) Geography:

Qoran describes about the earth, skies, sun & moon, day & night, oceans, mountains, clouds & rains etc:

يُولِجُ اللَّيْلَ فِي النَّهَارِ وَيُؤَلِّجُ النَّهَارَ فِي اللَّيْلِ وَسَخَّرَ الشَّمْسَ وَالْقَمَرَ كُلٌّ فِي جَلٍّ مُسْقًى  
(22- قاطر - 13)

وَهُوَ الَّذِي خَلَقَ اللَّيْلَ وَالنَّهَارَ وَالشَّمْسَ وَالْقَمَرَ كُلٌّ فِي فَلَكٍ يَسْبَحُونَ ... (17- الانبياء - 33)

## Geography ....

Qoran also mentions weathers; like, cold, hot, autumn & rainy.

There is indications regarding Poles\* of Earth in Qoran:

الْفِصْمِ رَحْلَةَ الشِّتَاءِ وَالصَّيْفِ ۖ (30- قريش - 2)  
رَبُّ الْمَشْرِقَيْنِ وَرَبُّ الْمَغْرِبَيْنِ ۚ (27- الرحمن - 17)  
أَلَمْ تَرَ أَنَّ اللَّهَ يُولِجُ اللَّيْلَ فِي النَّهَارِ وَيُولِجُ النَّهَارَ فِي اللَّيْلِ وَسَخَّرَ الشَّمْسَ وَالْقَمَرَ  
كُلٌّ يَجْرِي إِلَىٰ آجَلٍ مُّسَمًّى وَأَنَّ اللَّهَ بِمَا تَعْمَلُونَ خَبِيرٌ (21- لقمن - 29).

Qoran also informs about the Sun Rise & Sun Set:

حَتَّىٰ إِذَا بَلَغَ مَطْلِعَ الشَّمْسِ وَجِدَهَا تَاطُّعًا عَلَىٰ قَوْمٍ لَّمْ يَجْعَلْ لَهُمْ مِنْ دُونِهَا سَبِيلًا (16- الكهف - 90)  
حَتَّىٰ إِذَا بَلَغَ مَغْرِبَ الشَّمْسِ وَجِدَهَا تَغْرُبُ فِي عَيْنٍ حَمِئَةٍ ... (16- الكهف - 86)  
وَسَخَّرَ لَهُمُ اللَّيْلَ وَالنَّهَارَ وَالشَّمْسَ وَالْقَمَرَ وَالشُّجُومَ مُسَوَّمَةً بِأَمْرٍ ... لَا يَتَّبِعُ لِقَوْمٍ يَفْعَلُونَ (14- الفل)

## iv) Mathematics:

Calculations & fixations of Day & Night, Weeks, Months & Year,

with the help of Sun & Moon, is mentioned in Qoran:

هُوَ الَّذِي جَعَلَ الشَّمْسُ ضِيَاءً وَالْقَمَرَ نُورًا وَقَدَرَهُ مَنَازِلَ لِتَعْلَمُوا عَنْ ر  
السِّنِينَ وَالْحِسَابِ ... (11- يوسف - 5) وَجَعَلْنَا آيَةَ النَّهَارِ مُبْصِرَةً لِتَبْتَغُوا  
فَضْلًا مِنْ رَبِّكُمْ وَلِتَعْلَمُوا عَدَدَ السِّنِينَ وَالْحِسَابِ ... (15- بني إسرائيل - 12)

Additions, Multiplications, Substraction & Divisions are given

in Qoran: إِنَّ اللَّهَ سَرِيعُ الْحِسَابِ (6- المائدة - 4)

مَثَلُ الَّذِينَ يُنْفِقُونَ أَمْوَالَهُمْ فِي سَبِيلِ اللَّهِ كَمَثَلِ حَبَّةٍ أَتَتْ سَنَابِلَ فِي كُلِّ  
سَبْتَلَةٍ بِمِائَةِ حَبَّةٍ ۖ وَاللَّهُ يُضَاعِفُ لِمَنْ يَشَاءُ ... (2- البقرة - 261)

وَأَنزَلْنَا الْوِزْنَ بِالْقِسْطِ وَلَا تُخْسِرُوا الْمِيزَانَ (27- الرحمن - 9)

قُلْ أَرَأَيْتُمْ إِنْ جَعَلَ اللَّهُ عَلَيْكُمُ اللَّيْلَ سَرْمَدًا إِلَىٰ يَوْمِ الْقِيَمَةِ ... قُلْ أَرَأَيْتُمْ إِنْ جَعَلَ اللَّهُ عَلَيْكُمُ  
النَّهَارَ سَرْمَدًا إِلَىٰ يَوْمِ الْقِيَمَةِ ... (20- القصص - 71-72)

## v) Sciences:

Almost all Branches of Science is mentioned in Quran:

a) **Physics:** Certain examples, like light is must for Vision, Mirage & Total Reflection of Light:

يَكَادُ الْبَرْقُ يَخْطَفُ أَبْصَارَهُمْ طُطًا أَضَاءَ لَهُمْ مَشْوَائِهِمْ وَإِذَا أَظْلَمَ عَلَيْهِمْ قَامُوا... ه (1)  
وَالَّذِينَ كَفَرُوا أَعْمَالُهُمْ كَسَرَابٍ بِقِيَعٍ يَتَحَسَّبُ الْقُلَمَانُ مَاءٌ حَتَّىٰ إِذَا جَاءَهُ لَمْ يَجِدْهُ شَيْئًا... ه (2)  
(18-النور - 39)

b) **Chemistry:** Brief description of Alcohol & Yeast formation from sugar:

وَمِنْ ثَمَرَاتِ النَّخِيلِ وَالْأَعْنَابِ تَتَّخِذُ مِنْهُ سَكَرًا وَرِزْقًا حَسَنًا إِنَّ فِي ذَلِكَ لَآيَةً لِّقَوْمٍ يَتَفَكَّرُونَ ه (14-النحل - 67)

c) **Zoology:** Classifications of Animals are clearly given in Quran:

وَاللَّهُ خَلَقَ كُلَّ دَابَّةٍ مِنْ مَّاءٍ ه فَمِنْهُمْ مَنْ يَمْشِي عَلَىٰ بَطْنِهِ ه وَمِنْهُمْ مَنْ يَمْشِي عَلَىٰ رِجْلَيْنِ ه وَمِنْهُمْ مَنْ يَمْشِي عَلَىٰ أَرْبَعٍ ه يَخْلُقُ اللَّهُ مَا يَشَاءُ ط... ه (18-النور - 45)

d) **Botany:** Germination, growth, Fruits & flowers in plants are mentioned in Quran:

وَالْأَرْضُ وَضَعَهَا لِلْأَنَامِ ه نَبَاتًا فَكِهَةً وَالنَّخْلُ ذَاتُ الْأَكْمَامِ ط وَالْحَبُّ ذُو الْعَصْفِ ه  
وَالرَّيْحَانُ ه (27-الرحمن - 12-10) نَبَاتًا فَكِهَةً وَنَضْلًا وَرِيحَانًا ه (27-الرحمن - 48)  
ذَوَاتَا أَفْنَانٍ ه (27-الرحمن - 48) ... مُدَّهَا مُخْتَلِفًا ه (27-الرحمن - 64)

e) **Geology:** Indication of availability of Water and Petroleum etc. beneath the earth is given in Quran:

لَهُ مَا فِي السَّمُوتِ وَمَا فِي الْأَرْضِ وَمَا بَيْنَهُمَا وَمَا تَحْتَ الثَّرَى ه (16-طه - 6)

خَلَقَكُمْ مِنْ نَفْسٍ وَاحِدَةٍ... (23-الزمر - 6) \*

In short, Qoran is words of Almighty Allah, revealed upon the Holy Prophet Mohammad s.a.w., through the Prophet of Angels; Jibrail a.s. In the year 610 Gregorian calender in Arabic language. Qoranic Verse were brought by Jibrail a.s. from Almighty Allah and recited in front of the Holy Prophet in the form of Wahi\*, which the Holy Prophet memorised and later dictated@ exactly the same way to his companions@@. The holy companions used to compose the Qoranic Verses on skins, bones, woods & leaves ect., since the Holy Prophet was an Ummi\*\*. The complete Qoranic Verses were revealed during the period of 280 months & 14 days.

The famous companions who composed the Qoranic Verses were:

Hz Osman Bin Affan, Hz Ali Bin Abi Talib, Hz Ali Bin Kaab, Hz Zaid Bin Sabit, Hz Maavia, Hz Khalid Bin Said Bin Al Aas, Hz Abbas Bin Said, Hz Al Ala Bin Al Adrami, Hz Hanzla Ibn Rabii & Hz Abdullah Bin Saad,

Later, during the regime of Hz Abu Bakr r.a.a.; the first caliph, Qoranic Verses were composed in the shape of Book: 'قرآن المكيّم'.

During the regime of Hujjaj Bin Yousef in 96-97 Hijri, Aeraabs \*\*\* . . . were used in order to read the Qoranic text exactly & accurately.

This latest shape of Holy Qoran is exactly the same texts revealed upon the Holy Prophet and will remain in the same accurate form till the 'Date of Judgement', since Allah The Almighty guarantees the safety of His words: The Qoran. (المجرا) (١٤-١٥) إِنَّا نَحْنُ نَزَّزْنَا الذِّكْرَ وَإِنَّا لَهُ لَحَافِظُونَ

---

Wahi\*: The Commandments from Almighty Allah.

Ummi\*\*: A person who neither can 'read' nor 'write'

Hijri\*\*\*: Islamiic Calender started from the day Prophet

Mohammad s.a.w. migrated from Makkah to Madina.

@: In the month of Holy Ramadan, in the night of 27th. Ramadan  
 i.e. 'Taila-tul-Qadr'.

@@: The first Qoranic Verse revealed was: "Iqra".

الحديث: عَنْ أَبِي هُرَيْرَةَ رَضِيَ اللَّهُ عَنْهُ قَالَ قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ  
 اسْتَوْصُوا بِالنِّسَاءِ خَيْرًا فَإِنَّهُنَّ خَلْقَنَ مِنْ صَلَاحٍ وَأَنَّ أَعْرَجَ شَيْءٍ فِي  
 الصَّلَاحِ أَغْلَاهُ فَإِنْ ذَهَبَتْ لَقِيمَتُهُ كَسَرَتْهُ وَإِنْ تَرَكْتَهُ لَمْ يَزَلْ أَعْرَجُ  
 فَاسْتَوْصُوا بِالنِّسَاءِ (متفق عليه)

The above Hadith is regarding the creation of Mother Eves from the ribs of Hz. Adam a.s. and is connected to the base of page # 208.

Please turn over to the next page to continue the Qoranic Scientists and the inventions of the modern scientists.

## Science:

Qoran is the only first Book in this Universe that reveals the records of earliest Scientists:

i) Dawood a.s. : Prophet Dawood\* a.s. was an

Emperor, Messenger of Allah and a Scientist too. He invented

the Iron Metal and made use of it. He made ARMOUR out of

Iron and used to sell them to earn his livelihood. He was

not using Royal Treasure for his personal expenses: وَلَقَدْ آتَيْنَا دَاوُدَ مِمَّا نَفْضُلُ

... وَالنَّالَهُ الْخَرِيدَ أَنْ أَعْمَلَ سَبْعَ رَقَدٍ فِي الشَّرْدِ وَأَعْمَلُوا صَالِحًا ... (22- سبا- 11-10)

أَعْمَلُوا آلَ دَاوُدَ شُكْرًا ... (22- سبا- 13) وَقَتْلَ دَاوُدَ جَالُوتَ وَأَنَّهُ اللَّهُ الْمَلِكُ وَالْحَكِيمُ وَعَلَّمَهُ مِمَّا يَشَاءُ ... (2- بقرة- 251)

ii) Suleman a.s. : Qoran declares Suleman a.s.

a Great Scientist. Suleman a.s. was an Emperor, Prophet

and also a Scientist. Suleman a.s. invented Copper

Metal, its Metallurgy and made Copper useful for Humen.

Suleman a.s. made ARMOUR out of Copper. He improved

the quality of ARMOUR, by making it fire-proof: وَلَسْلَيْمَ الرِّيحِ عَنْ وَهَا

شَهْرٌ ... وَأَسَدْنَاهُ عَيْنَ الْقِطْرِ ... (22- سبا- 12) فَلَمَّا قَضَيْنَا عَلَيْهِ الْمَوْتَ مَا دَلَّهُمْ عَلَى مَوْتِهِ إِلَّا دَابَّةُ الْأَرْضِ

تَأْكُلُ مِنْسَأَتَهُ فَلَمَّا خَرَّ تَبَيَّنَتِ الْجِنَّ ... (22- سبا- 14)

On other occasion, Suleman\*\* a.s. created a pool of

water on a dry surface by way of 'Total Reflection of

Light'. Before Queen Bilqees could enter the surface,

she realised that the surface is full of water. She

lifted her attire so that it might not get wet. But

she got ashamed when she found the surface dry, and

realised the greatness of Suleman a.s.

فَبَلَ لَهَا دَخْلِي الصَّرْعِ فَلَمَّا رَأَتْهُ حَسِبَتْهُ لُجَّةً وَكَشَفَتْ عَنْ سَائِمَتِهَا

قَالَ إِنَّهُ صَرْحٌ مُّمَرَّدٌ مِّنْ قَوَارِيرَ ... (19- النمل- 44)

\* David  
\*\* Suleman

iii) Luqman a.s. : Luqman a.s. is the first Great

Physician of his time: (21- لقمن- 12) ۞

وَإِذْ قَالَ لُقْمَنُ لِابْنِهِ وَهُوَ يُعَلِّمُهُ يَبْنَى لَا تُشْرِكْ بِاللَّهِ ۝ (21- لقمن- 13)

يَبْنَى رَحْمَةً إِنَّ تَكُ مِنْتَالِ حَبْنَةٍ مِنْ خَرْدَلٍ فَتَكُنْ فِي فَخْرَةٍ أَوْ فِي السَّمُوتِ فِي الْأَرْضِ يَاتِ بِهَا ۝ (21- لقمن- 14)

iv) Nooh\* a.s. : Hazrat Nooh a.s. was one of the

Messengers of Almighty Allah. Allah the Almighty bestowed

Nooh a.s. the art of creating a Boat. So, Nooh a.s. was

the first man on earth, who invented the Art of Boat

'Craft-man-ship, and gave this world the 'Law of Floating'.

Those who did not agree with this new technology of

Boat's floating; they witnessed that how a boat floats

and other things dips into water:

وَاصْنَعِ الْفُلْكَ بِأَعْيُنِنَا ۝ وَاصْنَعِ الْفُلْكَ فَت ۝ حَتَّىٰ إِذَا جَاءَ أَمْرُنَا وَنَارَ الشَّوْرِ لَمْتَنَا حَمَلٌ

فِيهَا مِنْ كُلِّ زَوْجَيْنِ وَأَهْلَكَ ۝ وَقَالَ ارْكَبُوا فِيهَا بِسْمِ اللَّهِ يَجْرُهَا وَمُرْسَاهَا ۝ وَهِيَ

تَجْرِي بِمَوْجٍ كَالْمِجَالِ ۝ وَحَالٌ بَيْنَهُمَا الْمَوْجُ فَكَانَ مِنَ الْمُخْرَجِينَ ۝ (12- هود- 37-43)

As per History, the Humen of earliest period, were living in

forests with wild animals. They hunt with them and eat with them.

But, later the God gifted Human 'Brain' started to work.

The first thing that Human realized was; the difference between

Humen and Beasts. The Human started to discriminate himself from

the wild beasts, by covering his body with the leaves of the trees

and eating the raw fruits & vegetables.

---

\*Nooh: Noah: 'Ark of Noah'

Human 'Instinct' compelled him to ponder over the reasons of fire in the jungle. Ultimately, he realised the fact that the frictions between the branches of trees cause the fire.\* This way human managed to create fire by way of 'friction'\*\*. So, the fire was the first Scientific Invention by human on earth.

The success of fire creation arose the 'curiosity' in human. He started to observe the change of day & night, sun rise and sun set, appearance of moon and stars in the sky, rain falls, appearance of 'Rainbow' in the sky, thunder and flashes of lightening etc. and tried to conclude the reasons.

By passing of the days, human started to utilise his first invention 'the fire', and began to cook his food on fire. Cooked food was another factor that discriminated him from the animals. Therefore, human abandoned the living in jungle. According to the proverb: 'Need is the Mother of Inventions', human built 'shelter' to live, weapons of stones for defence, and also improved his way of clothing.

Thus, the 'Era' of 'Human Society' started. Day by day human started to improve the past inventions and try to invent the new requirements.

In yester-years, we the human were using 'leaves' to cover our body. Now, the latest scientific inventions enable us to wear thousand of varieties of clothes.

---

\*\* (30-الغنيت-2)

\* (27-الواقعة-71/23-يلى-80)

An Arabic Proverb says that; It is Human Wisdom that he gained miraculous achievements in the field of Sciences, While animals lack the wisdom, that is why their primitive 'life style' has not been changed, as yet:

الْعِلْمُ وَالْفِكْرُ فَارِقٌ بَيْنَ الْإِنْسَانِ وَالْحَيَوَانِ (التمحيق)

\*  
Qoran also illustrates the scientific changes in the 'Nature', and invites the 'mankind' to view and ponder over these 'Natural Phenomena' and try to conclude the reasons. Qoran calls such a people 'the wise' people.

Undoubtedly, the Scientists are trying to utilise maximum, the 'Noble Gift' from The Almighty Allah i.e. 'The Brain'.

There are certain pioneer scientists who are supposed to be the master inventors in their fields:

<u>Inventions</u>	<u>Inventors</u>
Steam Engine	James Watt (1764)
Radio	Alexanderson (1914)
Telephone	Graham Bell
Type-writer	Sholes

\*Qoran says: إِنَّ فِي مَلَقِ السَّمُوتِ وَالْأَرْضِ وَاخْتِلَافِ اللَّيْلِ وَالنَّهَارِ وَالْفُلْكِ الَّتِي تَجْرِي فِي الْبَحْرِ بِمَا يَنْفَعُ النَّاسَ وَمَا أَنْزَلَ اللَّهُ مِنْ سَمَاءٍ مِنْ مَّاءٍ فَأَخْيَارَ الْأَرْضِ بَعْدَ زَوْبِهَا وَبَثَّ فِيهَا مِنْ كُلِّ وَابَّةٍ وَتَصْرِيفِ الرِّيْحِ وَالسَّحَابِ الْمُسْتَرْبِينَ السَّمَاءِ وَالْأَرْضِ لَايَاتٍ لِقَوْمٍ يَعْقِلُونَ (2 - البقرة-164)

InventionsInventors

---

Thus, Science made our day to day life very convenient & comfortable and influences our senses; specially the 'Brain' to be exercised fully, in order to cope up with today's 'Modern Scientific Era'.

My Topic:

Since complete Human Life Cycle that starts from 'soil' and ends up with 'soil', totally bases on 'chemical changes'. For example, dead earth gets alive when rain falls and vegetation erupts out of earth. Vegetation produces Fruits, Vegetables and Cereals.

over to page #

continued from previous page ...

Blood is produced when human eats Fruits, Vegetables and Cereals. Blood is sign of vitality and travels throughout human body via life lines and helps in the production of Gonads.

Union of Male and Female Gonads' secretions results the development of human baby within Female Uterus. Fully developed baby borns and grows to youth age, old age and ultimately dies, decomposes and turn to 'soil'.

These chemical changes take place in the life, mostly, That is why, I have chosen my topic of thesis:

**'Bio-Chemistry of Human Life Cycle  
in Qoran'.**

Before moving ahead, let me introduce the terminology<sup>\*</sup> of asexual reproduction in human described in the holy Qoran.

\*\*\*

---

\***Humanaxual** reproduction; a type of vegetative reproduction in human, limited to the births of Mother Eves & Holy Jesus, as per the holy Qoran.

## Humanaxual Reproduction:

Allah The Almighty says in the Holy Qoran that He creates humen the way He creates plants:

وَاللَّهُ أَنْبَتُكُمْ مِنَ الْأَرْضِ نَبَاتًا ۖ ثُمَّ يُعِيدُكُمْ فِيهَا ... ه (29 - نوح - 17, 18)

Again, the Holy Qoran describes that Mother Eves was created by way of asexual reproduction from the ribs of) Hz. Adam a.s. The following Qoranic Verse confirms the asexual reproduction in humen:

يَا أَيُّهَا النَّاسُ اتَّقُوا رَبَّكُمُ الَّذِي خَلَقَكُمْ مِنْ نَفْسٍ وَاحِدَةٍ وَخَلَقَ مِنْهَا زَوْجَهَا ... (النساء - 1)

The Holy Prophet's saying confirms that Mother Eves was created from the ribs\* of Hz. Adam a.s.:

عَنْ أَبِي هُرَيْرَةَ رَضِيَ اللَّهُ عَنْهُ قَالَ قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ اسْتَوْصُوا بِالنِّسَاءِ خَيْرًا فَإِنَّهُنَّ خَلَقْنَ مِنْ صَلَاحٍ وَأَنْ أَمَرَ شَيْءٌ فِي الصَّلَاحِ أَعْلَاهُ فَإِنْ ذَهَبَتْ لَقِيمَةُ كَسْرَتِهِ ... (متفق عليه)

In the same way Holy Jesus was created asexually from the womb\*\* of his mother: the holy Mary. The Qoran says:

قَالَتْ رَبِّ أَنَّى يَكُونُ لِي وَلَدٌ وَلَمْ يَمْسَسْنِي بَشَرٌ ۖ ه (ال عمران - 47) ۚ (البقرة - 253)

Though, asexual reproduction in plants are very common in plants, The Holy Qoran exposes two examples of asexual reproduction in humen i.e. birth of Mother Eves & birth of Holy Jesus. Other than the Qoranic revelation, no other wordly record has so far reported the example of asexual reproduction in human.

Therefore, in order to introduce this unique phenomenon of asexual reproduction in human to the modern science, I give it a terminology; 'HUMANAXUAL' reproduction i.e. a sexual reproduction in human.

---

\*body part containing vegetative cells i.e. ribs.

\*\*body part containing vegetative cells i.e. womb.

\*\*\*miraculously, the words used for holy Mary growth, are the words used for the growth of plants: (ال عمران 37) وَأَنْبَتَهَا نَبَاتًا حَسَنًا وَكَفَّلَهَا زَكَرِيَّا ۖ
