PART II

Besides the above works, there are others which quote the Br. P. Due to limitation of time, the writer has not been able to make a thorough study of these verses and therefore a list of traceable and untraceable verses cannot be provided. But here a list of quoted verses is given for helping further investigations, though from a rough survey it can be said that the verses of the Br. P. quoted by Krtyakāpataru are not found in the present Br. P. whereas some of the verses quoted by the Mayūkhas of Nilakanṭhabhaṭṭa are found in the present Br. P. However, the whole subject should be fully dealt with while discussing the problem of the reconstruction of the Br. P.

In the following tables, under the head of the title of the work quoting the Br. P., the no. of verses of Br. P., the page no. on which they are quoted and the subject matter of these verses are given.:-
