

ACKNOWLEDGMENTS

I wish to express my gratitude to Prof. L. J. Bhatt, Dean of the Faculty of Education and Psychology, The Maharaja Sayajirao University of Baroda, Baroda, for his very valuable guidance at every stage in conducting the present investigation.

My sincere thanks are due to my colleagues and friends for reading my manuscript and offering very useful suggestions. I am greatly indebted to Dr.H.J.X. Fernandez for his generous help in the preparation of the final copy and to other colleagues who helped me in different ways.

I wish to thank the principals and the departmental heads of the various institutions for their co-operation in allowing their students to be subjects for this investigation. I very sincerely thank the students and employed persons for their co-operation.
