

# ACKNOWLEDGMENT

=====

May I put on record my profound sense of gratitude to Dr. N.S. Pathak, Reader in Psychology, Faculty of Education and Psychology, M.S. University of Baroda, for his most able guidance, constant help, clear directions and most valuable suggestions during the conduct of the present study. But for his sustained interest and directions, this study would not have been carried to a successful completion.

I acknowledge my debt of gratitude to Professor D.M.Desai, Dean, Faculty of Education and Psychology, M.S. University of Baroda, for his constant prodding and inspiration that helped the timely completion of the work.

I desire to record my sense of appreciation to Dr. M.S. Patel, Unesco Expert in Education, University of the Philippines, Philippines, for spending his time during the periods of his annual leave on looking after every detail of the investigation and making valuable suggestions for its improvement.

I am deeply indebted to the principals and teachers of the New Era Girls' High School, Sharda Mandi School, University Experimental School, Gnanodaya Vidyalaya and M. K. High School for graciously cooperating with me and

providing me with facilities in their schools for a long period of time during the conduct of this investigation.

My thanks are also due to the pupils of Standard (Grade) 10, especially those who were under counselling, for their infinite patience and excellent co-operation as subjects of research.

I should also thank Mr. B.D. Mistry for promptly typing the thesis and looking after its format and other details of production.
