TABLE	PAGE
1 : Distribution of Schools and Colleges in Baroda District.	69
2 : Selection of the Samples - Placewise.	72
3 : Distribution of Subjects.	76
4 : Main Effects and Interaction Effects of High Level Item Scores on Radio Listening	104
5 : Main Effects as well as Interaction Effects for the Low Level Item Scores on Radio Listening.	107
6 : Percentages of Adolescent Boys and Girls obtaining High and Low Scores on the Two levels of Items.	109
7 : Preferences for Various Radio Programmes of Different Sub-Groups of Adolescents.	111
8 : Main Effects and Interaction Effects of Age, Sex and Area of Residence for the Scores on High Level Movies.	116
9 : Main Effects and Interaction Effects of Age, Sex and Area of Residence for the Scores on Low Level Movies.	117
10 : Mean Scores of Younger and Older Adolescents at the Two Levels of Sex.	118
11 : Percentages of Subjects obtaining High and Low Scores at the two levels of Movies.	119
12 : Agewise, Sexwise and Residential Areawise Percentages for Different Kinds of Movies...	121
13 : Main Effects and Interaction effects in the case of High Level Reading Items.	124

TABLE	PAGE
14 : Main Effects and Interaction Effects of Age, Sex and Area of Residence on Orientation Towards Adolescent Culture. ..	125
15 : Mean Scores of the Age Groups at the Two Levels of Residential Area. ..	126
16 : Reading Interests of Various Sub-Groups in Percentage Form. ..	127
17 : Agewise, Sexwise and Residential Areawise Differences in Reading Specific Materials... ..	129
18. : Main Effects and Interaction Effects of Age, Sex and Area of Residence for the Scores on High Level Activity Items. ..	132
19.: Mean Scores of Age Groups and Sex Groups. ...	133
20 : Mean Scores of the Age Groups at the two Levels of Residential Area. ..	134
21 : Main effect and Interaction effects of Age, Sex and Residence in the case of Low Level Activity Items. ..	135
22 : Percentages of Subjects obtaining High and Low Scores at each of the two Levels of Activities. ..	137
23 : Agewise, Sexwise and Residential Areawise Analysis of Preferences for the Specific Items. ..	140
24 : Percentages Falling under each of the Three Ranges of Scores. ..	143
25 : Main Effects and Interaction effects of Age, Sex and Area of Residence in the case of High Level Item Scores. ..	156
26 : Mean Scores of the Levels of Sex and Age. ..	157
27 : Itemwise Percentages for the Various sub- groups in the case of High Level Item Scores. ..	158
28 : Main effects and Interaction effects of Age, Sex and Area of Residence in the case of Low Level Item Scores. ..	161

TABLE	PAGE
29 : Mean Scores of the Levels of Sex and Age. ..	162
30 : Itemwise Percentages for the Various Sub- groups in the case of Low Level Item Scores.	163
31 : Percentage of Cases falling in each of the Two Score Ranges. ..	166
32 : Percentage of Cases falling within the high and Low Score Ranges used to define the Two Levels of Interests. ..	168
33 : Percentage of cases falling within the High and Low Score Ranges used to define the Two Levels of Use. ..	171
34 : Percentages for the Various Combinations of the Levels of Interest in Academic and Non-Academic Courses. ..	172
35 : Percentages falling within the Various Combinations of the Levels of Usefulness of Academic and Non-Academic Subjects. ..	174
36 : Percentages for the Various Combinations of the Levels of Interest and Use in the case of Academic Courses. ..	176
37 : Percentage of Cases Falling within each combination of the Levels of Interest and Use of Non-Academic Courses. ..	177
38 : Vocational Preferences of Adolescents. ..	184
39 : Percentage Frequencies of Reasons stated by the Subjects for Vocational Preferences..	187
40 : Percentages of Activities for the Group. ..	197
41 : Opinions regarding Inclusion of Both Sexes in a Group. ..	202
42 : Percentage Frequencies of Reasons for the inclusion of both Sexes in a group. ..	204
43 : Reasons for Non-Inclusion of Both Sexes in.. a Group.	206

TABLE	PAGE
44 : Median Values for the Size of the Group. ..	207
45 : Median Age of the Members of the Group. ..	208
46 : Methods of Decision Making. ..	210
47 : Methods of Solving Problems that may arise in a Group. ..	210
48 : Percentages for the Yes and No answers for the Feeling of Boredom. ..	213
49 : The Degree of Independence Experienced by Adolescent Subjects around Home, at School and in the Group of Friends. ..	215
50 : The Extent of Desire to Compete for Better Results. ..	217
51 : The Extent of Desire to know what one should do or What one should not do in Different Situations. ..	218
52 : Feelings of Frustration when Unable to succeed. ..	219
53 : The Extent of Desire to be Accepted and Approved by the Peers. ..	220
54 : The Extent of Need for Influencing Others. ..	221
55 : The Extent of Desire for having Friends to Play With. ..	223
56 : Percentages of Personal Reasons for Unrest and Indiscipline among Students. ..	225
57 : Percentages of the Social Reasons for Unrest and Indiscipline among Students. ..	226
58 : Percentages of the Economic Reasons for Unrest and Indiscipline among Students. ..	227

TABLE	PAGE
59 : Percentages of the Educational Reasons for Unrest and Indiscipline among Students. ..	228
60 : Percentages of the Political Reasons for Unrest and Indiscipline among Students. ..	229
61 : Problems of Physical Health Faced by Adolescent Subjects. ..	239
62 : Problems of Love and Affection faced by Adolescent Subjects. ..	240
63 : Problems of Family and Economic Conditions, faced by Adolescent Subjects. ..	241
64 : Problems of Mental Health faced by adolescent Subjects. ..	241
65 : Problems of Present Study faced by Adolescent Subjects. ..	242
66 : Problems of Recreational Outlets faced by Adolescent Subjects. ..	243
67 : Problems of Personal Appearance faced by Adolescent Subjects. ..	243
68 : Problems of Future Life faced by Adolescent Subjects. ..	244
69 : Problems of Nation and the World faced by Adolescent Subjects. ..	245
70 : Problems of Social Adjustment faced by Adolescent Subjects. ..	246
71 : Mean Number of Sex-Related Terms Known to the Subjects. ..	248
72 : Percentages Indicating Information for each of the Twenty Sex Related Terms for the Sub-Groups of Adolescents. ..	250
73 : Sources of Sex Information. ..	253
74 : Median Ranks of Universal Values of Adolescent Subjects. ..	258

TABLE	PAGE
75 : Median Ranks of Personal Values of Adolescent Subjects.	.. 260
76 : Average Correlation Between Universal and Personal Values for the Sub-Group of Adolescent Subjects.	.. 262
77 : Main Effects and Interaction Effects in the Case of Autonomy.	.. 269
78 : Dependence of Sex on Area of Residence.	.. 270
79 : Relation Between Age and Effect of Area of Residence.	.. 271
80 : Percentages Falling under High, Medium and Low Autonomy Scores.	.. 272
81 : Percentages in Each Response Category of Physical Punishment.	.. 276
82 : Percentages Falling under each Response Category in the case of Deprivation of Privileges.	.. 277
83 : Percentages in Each Response Category of Psychological Punishment.	.. 279
84 : Percentage of Cases received Positive Affection from Mother, Father, Teacher and Friends.	.. 281
85 : Percentages for Negative Affection obtained from Mother, Father, Teacher and Friends.	.. 283
86 : Percentages for Expertness obtained from Mother, Father, Teacher and Friends.	.. 285
87 : Mean Scores of High Level and Low Level Items for Radio Listening, Cinema Viewing, Reading, Activities and Topics of Thoughts and Conversation.	.. 293
88 : Inter-Correlations (Sexwise) Between Areas of Behaviour.	.. 296

TABLE	PAGE
89 : Inter-Correlations (Residential Areawise) Between Areas of Behaviour.	.. 297
90 : Inter-Correlations (Agewise) Between Areas of Behaviour.	.. 298
91 : Inter-Correlations (Total) Between Areas of Behaviour.	.. 299
92 : Correlations of High Level and Low Level Item Scores with Measures of Interest in Academic Courses.	.. 300
