

LIST OF TABLES

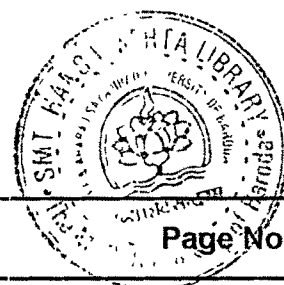

Table No.	Description	Page No.
Table –1	Difference between patients with alexithymic and neurotic defects.	034
Table – 2	DSM – IV classification of anxiety disorders.	113
Table – 3	Correlations of the TAS-20 and factor scales with interview ratings on the Beth Israel Hospital Psychosomatic Questionnaire	176
Table – 4	Distribution of items in the neuroticism and extraversion dimensions of the long scale of the MPI.	178
Table – 5	Conversion of raw scores to standard scores (in the MPI)	180
Table – 6	Number of items related to areas of adjustment in Mohsin Shamshad adapted version (Hindi) of BAI.	182
Table – 7	Scoring key to BAI	183
Table – 8	Reliability values of BAI.	185
Table – 9	ANOVA on Alexithymia dimensions for normal and clinical groups.	196
Table – 10	ANOVA on Adjustment dimensions for normal and clinical groups	198
Table – 11	ANOVA on Personality dimensions for normal and clinical groups	200
Table – 12	ANOVA on Anxiety dimensions for normal and clinical groups	201

Table – 13	ANOVA for Depression dimensions for normal and clinical groups.	203
Table – 14	\bar{X}_s , SD, \bar{X}_{ds} , df , t -values on the dimensions of alexithymia for the normal male group and APD male group.	204
Table – 15	\bar{X}_s , SD, \bar{X}_{ds} , df , t -values on the dimensions of alexithymia for the normal male group and IBS male group.	206
Table – 16	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for IBS male group and APD male group.	208
Table – 17	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for normal female group and APD female group.	210
Table – 18	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for normal female group and IBS female group.	211
Table – 19	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for IBS female group and APD female group.	212
Table – 20	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for normal male group and normal female group.	213
Table – 21	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of alexithymia for APD male group and APD female group	215

Table – 22	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of alexithymia for IBS male group and APD female group.	216
Table – 23	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for APD male group and normal male group	218
Table – 24	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for IBS male group and normal male group.	219
Table – 25	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for IBS male group and APD male group.	220
Table – 26	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for APD female group and normal female group	221
Table – 27	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for IBS female group and normal female group	222
Table – 28	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for IBS female group and APD female group.	223
Table – 29	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for normal male group and normal female group.	224
Table – 30	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for APD male group and APD female group	225
Table – 31	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t – values on the dimensions of adjustment for IBS male group and IBS female group.	227

Table – 32	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for normal male group and APD male group.	228
Table – 33	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for normal male group and IBS male group	229
Table – 34	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for IBS male group and APD male group	230
Table – 35	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for normal female group and APD female group	231
Table – 36	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for normal female group and IBS female group	232
Table – 37	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for IBS female group and APD female group.	233
Table – 38	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for normal male group and normal female group.	234
Table – 39	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for APD male group and APD female group.	235
Table – 40	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of personality for IBS male group and IBS female group.	236
Table – 41	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for APD male group and normal male group.	237

Table – 42	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for IBS male group and normal male group.	238
Table – 43	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for IBS male group and APD male group	239
Table – 44	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for APD female group and normal female group.	240
Table – 45	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for IBS female group and normal female group.	241
Table – 46	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for IBS female group and APD female group.	242
Table – 47	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for normal male group and normal female group.	243
Table – 48	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for APD male group and APD female group.	245
Table – 49	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of anxiety for IBS male group and IBS female group.	247
Table – 50	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for normal male group and APD male group.	249
Table – 51	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for normal male group and IBS male group.	250
Table – 52	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for IBS male group and APD male group.	251

Table No.	Description	Page No.
Table – 53	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for normal female group and APD female group.	252
Table – 54	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for normal female group and IBS female group	253
Table – 55	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for IBS female group and APD female group.	254
Table – 56	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for normal male group and normal female group	255
Table – 57	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for APD male group and APD female group.	256
Table – 58	Showing \bar{X} , SDs, \bar{X}_{ds} , df , t - values on the dimensions of depression for IBS male group and IBS female group.	257
