

## LIST OF TABLES

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
1	Details of the Initial Sample.	73
2	Details Regarding the Mohsin's General Intelligence Test.	74
3	I.B.Scores Distribution of the Total Sample of 550 Students.	75
4	I.B.Scores Distribution of the Subjects Belonging to Four Sub-cultural Groups.	76
5	Sample Distribution of High and Low Achievers Across Four Sub-cultural Groups.	77
6	Central Themes and Decision Area of Items of Risk-taking questionnaire.	94
7	Scoring Pattern of Risk-Taking questionnaire Probabilities of Per cent of Success.	95
8	Inter-Correlation Matrix for Items.	96
9	Showing factor loading, Eigen Values and Cumulatives of Different items.	98
10	Frequency distribution of samples in various Monthly Income Groups (Rs.) and their $\chi^2$ - value along with significance level.	106
11	Frequency distribution of the samples in various Monthly Income Groups (Rs.) and their $\chi^2$ - value and significance level.	107
12	Number of Sibling Obtained for Four Groups of Subjects Along with their $\chi^2$ - value and significance level.	109
13	Frequency Distribution of Subjects Belonging to 3 Socio-economic Status and their Number of Sibling with $\chi^2$ - value and their Significance Level.	109
14	Number of sibling under low and high achieving Groups, their $\chi^2$ - value and its significance level.	110
15	Number of subjects of the four groups falling into three SES categories, their $\chi^2$ - value and its significance levels.	111
16	Frequency of Subjects of Two Groups of Rural and Urban Subjects of Three Social Status, their $\chi^2$ - value and its significance level.	111

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
17	The Age Distribution of the Sample belonging to Four Groups of Subjects their $\chi^2$ - value and Significance level: (Number of Subjects falling in each category).	112
18	Educational Levels of Fathers of Subjects belonging to 4 Groups, their $\chi^2$ - values and Significance levels: (Number of Subjects falling in each category).	113
19	Occupational Status of the Fathers of the Subjects Belonging to Four Groups, their $\chi^2$ - values and Significance level: (Number of Subjects falling in each category).	114
20	The Academic Status of the Subjects Belonging to Three Socio-economic Status, their $\chi^2$ - value and Significance level: (Number of Subjects falling in each category).	115
21	The Academic Status of the Subjects Belonging to 5 Categories of Income Groups and their $\chi^2$ - value and Significance level: (Number of Subjects falling in each category).	116
22.	The Academic Status of the Subjects and the Occupational Groupings of their Fathers, their $\chi^2$ - values and Significance level: (Number of Subjects falling in each category).	116
23	The Academic Status of the Subjects and their Fathers Educational Levels (number of subjects falling in each category) Along with the $\chi^2$ - value and its Significance level.	117
24	Frequency distribution of Subjects' Academic Status and their Ordinal Position, their $\chi^2$ - value and Significance Level.	117
25	The Academic Status of the Subjects Belonging to the Four Categories of Castes, the $\chi^2$ - value and its Significance Level: (Number of Subjects falling in each category).	118
26	Level of Subjects' Academic Status and 5 Categories of their Age Groups, the $\chi^2$ - value and their Significance Level: (Number of Subjects falling in each category).	118
27	F - values and their significance Levels for High and Low achievers, the 4 Groups, and the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores on the Academic Motivation Scale.	120

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
28	t - values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Academic Motivation Scale.	121
29	F - values and their Significance Levels for High and Low achievers, the 4 Groups and the Interaction for Achievement Levels of 4 Groups of Subjects for Their Scores on Confidence of Judgement Variable.	123
30	t - values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Confidence of Judgement Scale.	123
31	F - values and their Significance Levels for High and Low Achievers, the 4 Groups and for the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Self-orientation.	125
32	t - values and their Significance levels for the Scores Obtained by the Different Groups of Subjects on the Self-orientation Scale.	125
33	F - values and their Significance Levels for High-, and Low- Achievers, the 4 Groups and for the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Task-Orientation.	127
34	t - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Task-Orientation Scale.	127
35	F - Values and their Significance Levels for High-, and Low- Achievers, the 4 Groups and for the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Interaction Orientation.	128
36	t - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Interaction-Orientation Scale.	129
37	F - Values and their Significance Levels for High - , and Low - Achievers, the 4 Groups and for the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Need for Achievement.	130

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
38	<u>t</u> - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Need for Achievement Scale.	131
39	<u>F</u> - Values and their Significance Levels for High -, and Low - Achievers, the 4 Groups and for the Interaction for Achievement Levels of the 4 Groups of Subjects for their Scores on Risk Taking Scale.	132
40	<u>t</u> - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Risk taking Scale.	133
41	<u>F</u> - Values and their Significance Levels for High-, and Low- Achievers, The 4 Groups and for the interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Academic Achievement Orientation:	134
42	<u>t</u> - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Academic Achievement Orientation Scale.	135
43	<u>F</u> - Values and their Significance Levels for High-, and Low - Achievers, the 4 Groups and for the interaction for Achievement Levels of 4 Groups of Subjects for their scores on Peer-Affiliation Scale.	136
44	<u>t</u> - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Peer-affiliation Scale.	137
45	<u>F</u> - Values and their Significance Levels for High- and Low- Achievers, the 4 Groups and for the interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Non-conformity Orientation Dimension.	139
46	<u>t</u> - Values and their Significance Levels for the Scores Obtained by the Different Groups of Subjects on the Non-conformity Orientation Scale.	139
47	<u>F</u> - Values and their Significance Levels for High-, and Low Achievers, the 4 Groups and for the Interaction for Achievement Levels of 4 Groups of Subjects for their Scores for Independence Orientation.	141

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
49	Partial Correlation Co-efficients Between Different Psychological Variables for the total Sample (N = 384).	144
50	Partial Correlation Co-efficients among the Demographic Variable for the Total Sample (N = 384).	146
51	Partial Correlation Co-efficients Between Psychological Variables and Demographic Variables for the Total Sample (N = 384).	148
52	Correlation Co-efficient matrix Among Demographic Variables for the Total Sample (N = 384).	151
53	Correlation Co-efficient Matrix Between Different Psychological Variables among Themselves, for the Total Sample (N=384).	153
54	Correlation Co-efficient Between Psychological Variables and Demographic Variables for the Total Sample (N = 384).	153
55	Inter-correlation ( $\bar{r}$ ) matrix for Demographic Variables for Urban Non-Tribal Group (N=96).	158
56	Inter-correlation Matrix for Psychological Variables for Urban Non-Tribal Groups (N=96).	160
57	Correlation ( $\bar{r}$ ) Values Between Different Demographic Variables and Psychological Variables for Urban Non-Tribal Group (N=96).	163
58	Inter-correlation Matrix for Different Demographic Variables for Rural Non-Tribals Group (N=96).	164
59	Inter-correlations Matrix for Different Psychological Variables for Rural Non-Tribals (N=96).	167
60	Correlations Between Demographic Variables and Psychological Variables for Rural Non-Tribals (N=96).	169
61	Inter-correlation ( $\bar{r}$ ) Matrix for Demographic Variables for Urban Non-Tribal Group (N=96).	171

△

<u>Table No.</u>	<u>Title.</u>	<u>Page No.</u>
62	Inter Correlations Matrix for Psychological Variables for Urban-Tribal Group (N=96).	174
63	Correlation (V) values Between Different Demographic Variables and Psychological Variables for Urban Tribal Group (N=96).	176
64	Inter-Correlation (r) Matrix for Demographic Variable for Rural-Tribal Group (N=96).	178
65	Inter-Correlation Matrix for Psychological Variable for Rural-Tribal Group (N=96).	180
66	Correlation (r) Values Between Demographic Variables and Psychological Variable for the Rural Tribal Group (N=96).	183
