

### LIST OF GRAPHS

- Graph 1    Pie Diagram showing sample distribution in terms of educational stream.
- Graph 2    Pie Diagram showing sample distribution in terms of Age.
- Graph 3    Pie Diagram showing sample distribution in terms of Family Income.
- Graph 4    Pie Diagram showing sample distribution in terms of Religion.
- Graph 5    Pie Diagram showing sample distribution in terms of sex typing.
- Graph 6    Pie diagram of sample distribution in terms of sex typing.
- Graph 7    Pie diagram of sample distribution in terms of general stress level.
- Graph 8    Histogram of sample distribution in terms of sex typing and religion.
- Graph 9    Histogram of sample distribution in terms of Religion and General Stress level.
- Graph 10   Histogram of sample distribution in terms of sex typing and general stress level.
- Graph 11   Meanscores of Pain in terms of sex typing.
- Graph 12   Mean scores of Pain in terms of General Stress level.

- Graph 13 Mean scores of Pain in terms of Religion.
- Graph 14 Mean scores of impaired concentration in terms of sex typing.
- Graph 15 Means scores of impaired concentrartion in terms of general stress level.
- Graph 16 Means scores of impaired concentration in terms of religion.
- Graph 17 Means scores of water retention in terms of sex typing.
- Graph 18 Means scores of water retention in terms of general stress level.
- Graph 19 Means scores of water retention in terms of religion.
- Graph 20 Mean scores of behaviour change in terms of sex typing.
- Graph 21 Mean scores of behaviour change in terms of general stress level.
- Graph 22 Mean scores of behaviour change in terms of religion.
- Graph 23 Mean scores of autonomic reaction in terms of sex typing.
- Graph 24 Mean scores of autonomic reaction in terms of general stress level.

- Graph 25 Mean scores of autonomic reaction in terms of religion.
- Graph 26 Mean scores of negative affect in terms of sex typing.
- Graph 27 Mean scores of negative affect in terms of general stress level.
- Graph 28 Mean scores of negative affect in terms of religion.
- Graph 29 Mean scores of arousal in terms of sex typing.
- Graph 30 Mean scores of arousal in terms of general stress level.
- Graph 31 Mean scores of arousal in terms of religion.
- Graph 32 Mean scores of control in terms of sex typing.
- Graph 33 Mean scores of control in terms of general stress level.
- Graph 34 Mean scores of control in terms of religion.
