

## ACKNOWLEDGMENTS

I wish to thank Prof. L.J. Bhatt, Head of the Department of Psychology in the Faculty of Education and Psychology, The Maharaja Sayajirao University of Baroda, for his advice, keen interest and helpful criticism upto the last stage of this work. I also express my gratitude to Dr. H.J.X. Fernandes, who rendered similar help in this work during its last stages in the absence of Prof. Bhatt. To both these guides I am deeply indebted.

My sincere gratitude is specially due to Shri T.P. Lele who gave very helpful suggestions and also to my other colleagues for their assistance.

I am equally obliged to the subjects who had their part in compiling the data for the work and all those who cooperated directly or indirectly.
