

CONTENTS

<u>Chapter I</u>	: THEORETICAL REFERENCE FRAME	1 to 65
1. Overview	...	1
2. Innovation	...	2
1. Evaluation of Innovation	..	2
3. Innovation and change	...	3
1. Types and Degrees of change	..	5
2. The Six types of changes	..	6
3. Model of change	...	7
4. Model of 'Linkage' in the process of Educational change	...	11
4. Factors affecting the process of change	..	12
1. Diffusion rate of innovations	..	14
2. Adopter categories	...	15
3. Process variables	...	16
4. Resistance	...	17
5. Innovator qualities	...	22
6. Certain generalisations concerning innovators	...	24
5. Traits and functions of innovative institutions	...	25
1. Organisational aims, tasks and Transmission of Messages	..	26
2. Internal State of the Organisations	..	27
3. Growth and changefulness	..	28
6. Theoretical background of planning and executing change	...	28
1. Overview of strategies of change	..	31
2. Three models of How change occurs	..	34
3. Conditions of change	...	36
4. Evaluating innovations and change	..	38

	<u>Page</u>
7. Factors of this study	40
8. Theoretical Foundation (for the choice) of the above factors	40
1. Leadership behaviour of the headmaster ..	46
2. Organisational climate of schools ..	55
3. Teacher Morale ...	62
4. The change proneness ..	65
 <u>Chapter II</u> : REVIEW OF RELATED LITERATURE	 66 to 110
1. Overview	66
2. Review of Doctoral studies on innovation in India ..	68
3. Review of Researches abroad on innovation and change ..	80
1. Researches on 'Educational Innovations' ..	80
2. Review of researches on the process of innovation ..	81
3. Review of studies relating to the agents of change ..	85
4. Review of studies concerning factors affecting change ..	87
4. Review of the Process Models ..	91
5. Researches on the 'Leadership Behaviour' of the Headmasters ..	92
6. Researches on Organisational climate of schools ..	96
7. Research studies on Teacher Morale ..	102
8. Research studies on change proneness of teachers ..	106
9. Research studies on Barriers to change in innovating organisations ..	107
10. Case Studies	109
11. Conclusion	110
 <u>Chapter III</u> : PROBLEM AND PROCEDURE	 111 to 153
1. Introduction	111
2. Significance of the study	112
3. Objective and scope	116

	<u>Page</u>
4. Hypotheses	120
5. The Procedure (Methodology) ..	122
6. Rationale for Case study method ..	124
7. The Sample	125
8. The Tool	130
9. Scoring	143
Chapter IV : CASE STUDIES	154 to 461
1. Introduction	154
1. Over view of the model ..	156
2. The order of arrangement of 25 case studies	157
3. The case study format and rationale ..	158
4. The format of each case study ..	159
5. Special feature	160
6. The Technical Vocabulary ..	160
7. Glossary of technical terms ..	161
8. The numbers allotted to case studies ..	161
Case Study No.1. Innovative (High) ..	162
Case Study No.2. Non-Innovative ..	182
Case Study No.3. Innovative (High) ..	200
Case Study No.4. Innovative (High) ..	222
Case Study No.5. Innovative (High) ..	237
Case Study No.6. Innovative (High) ..	251
Case Study No.7. Innovative (High) ..	265
Case Study No.8. Innovative (High) ..	279
Case Study No.9. Innovative (High) ..	290
Case Study No.10. Innovative (High) ..	302
Case Study No.11. Innovative (Average) ..	315
Case Study No.12. Innovative (Average) ..	326
Case Study No.13. Innovative (Average) ..	337
Case Study No.14. Innovative (Average) ..	348
Case Study No.15. Innovative (Average) ..	358
Case Study No.16. Innovative (Average) ..	369
Case Study No.17. Innovative (Average) ..	381

	<u>Page</u>
Case Study No.18. Innovative (Average)	.. 393
Case Study No.19. Innovative (Low)	.. 401
Case Study No.20. Innovative (Low)	.. 409
Case Study No.21. Innovative (Low)	.. 418
Case Study No.22. Non-innovative	.. 427
Case Study No.23. Non-innovative	.. 439
Case Study No.24. Non-innovative	.. 446
Case Study No.25. Non-innovative	.. 454
 <u>Chapter V</u> : A SUMMARY OF THE FINDINGS	 462 to 490
1. Introduction ...	.. 462
2. Findings from Part - A of the case studies ...	.. 463
3. Findings from Part - B of the case studies ..	.. 470
4. Verification of the hypotheses ..	.. 474
5. Findings of this study supported by earlier researches. ...	.. 476
6. Major factors differentiating the 'innovative' schools from 'Non-innovative' schools ..	.. 480
7. Barriers to change ...	.. 482
8. A few unique practices ...	.. 484
9. The types and areas of Innovative practices in secondary schools. ..	.. 486
10. Incidental findings ...	.. 487
11. Role and opinion of the District Educational Officers (DEO) ...	.. 488
12. Scope for further research ...	.. 489
13. Conclusion ...	.. 489
