

## LIST OF TABLES

TABLE NO.		PAGE NO.
2.1	Studies Done During 1881-1957	28
2.2	Studies Completed During the Period 1933-1973	31
3.1	Standardwise Distribution of the Sample	79
3.2	Agewise Distribution of the Sample	79
3.3	Sexwise Distribution of the Sample	80
3.4	Socio-Economic Statuswise Distribution of the Sample	80
3.5	Academic Achievementwise Distribution of the Sample	80
3.6	Intelligencewise Distribution of the sample	81
3.7	Response Value to Attitude Scale	84
3.8	Responses of Hundred Students to Twenty- five Statements	86
3.9	Results of Chi-Square Testing	
3.10	Details of Scoring Procedure in the Questionnaire on Reading Interest (Part II)	94
3.11	Details of Coding of Different Variable Groups for the Purpose of Computer Analysis	101
4.1	Means and Standard Deviations of Seven Variables	109
4.2	Mean and S.D. of Reading Interest Scores of the Dependent Variables	112
4.3	Percentage of the First Preference to Different Types of Books and Their Ranks	115
4.4	Percentage of Pupils Showing Preference to Different Types of Stories	119

TABLE NO.		PAGE NO.
4.5	Percentage of Pupils Showing Preference to Different Types of Novels	121
4.6	Percentage of Students Showing Preference towards Different Types of Plays	124
4.7	Percentage of Students Showing Preference to Types of Biographies	127
4.8	Percentage of Students Showing Preference to Different Types of Poems	130
4.9	Percentage on Newspaper Reading Q.4(a)	132
4.10	Percentage of Students' First Preference to Different News Items	135
4.11	Percentage of Students Reading Journals	137
4.12	Details of Percentage of Students Preferring Different Types of Journals	140
4.13	Percentage of Students Showing Preference to Comic Reading	142
4.14	Details of Students Expressed Reasons for Preferring Comic Reading and Percentage of Students Responding Each Item	145
4.15	Responses in Percentage of Whether Students have a Favourite Series or Not	146
4.16	Details of Reasons for Making a Series Most Interesting and Percentage of Students' Responses to Each Reason	149
4.17	Percentage of Students Showing Preference to Read Through Different Languages	153
4.18	Percentage of Students Having Reading Materials from Different Sources	154
4.19	Percentage Showing Who Inspires Most for Extra-Reading	156
4.20	Correlation Matrix Showing Relation of Reading Interest with Other Variables	159

(iii)

TABLE NO.		PAGE NO.
4.21	Significance of Difference Between the Means of Reading Interest Scores and Grades of Pupils (VIII, IX, X)	168
4.22	Significance of Difference Between Means of Reading Interest Scores and Age Groups	171
4.23	Significance of Difference Between the Means of Reading Interest Scores and Sex of the Pupils	173
4.24	Significance of Difference Between the Means of Reading Interest Scores and S.E.S. Groups	175
4.25	Significance of Difference Between the Means of Reading Interest Scores and Three Academic Achiever Groups	178
4.26	Significance of Difference Between the Means of Reading Interest Scores and Intelligence Groups	180
