LIST OF TABLES

TABLE NO.	TITLE	PAGE NO.
3.1	Score distribution on pretest	52
3.2	Formwise percentage of students scoring 75 per cent, between 60 per cent and 75 per cent, and between 40 per cent and 60 per cent	53
3.3	Framewise error rate on the linear overt form	54
3.4	Framewise error rate on the skip programme form	55
3.5	Error rate on the branching form	56
3.6	Mean time taken for each form	58
4.1	Treatmentwise distribution of sample	62
4.2	Levels of significance of U-values for the validity of PAAS subscales	66
4.3	Test-retest reliability coefficient of PAAS	67
4.4	Test-retest reliability coefficients	68
5.1	Students' performance on posttest for the four groups	77
5.2	Means and standard deviations of the different groups on the posttest	79
5.3	Summary of analysis of variance	80
5.4	Significance of difference between mean posttest scores on different programme forms	81
5.5	Formwise mean and standard deviation of the time required to go through the programme	84

TABLE NO.	TITLE	PAGE NO.
5.6	Summary of analysis of variance	85
5.7	Significance of difference of mean time score on different forms	86
5.8	Summary of analysis of covariance	91
5.9	Significance of difference between mean posttest on different forms when adjusted for the reading comprehension	92
5.10	Partial correlation between posttest and (a) reading comprehension (b) academic motivation (c) dependency (d) total adjustment	95
5.11	Partial correlation between posttest and (a) home score (b) school score (c) peers score (d) teachers score (e) general score	99
5.12	The relationship between different variables	103
5.13	Significance of difference between mean scores of males and females on posttest, programme time and reading comprehension separately for the different forms	109
5.14	Significance of difference between mean scores of high and low academic motivation students on posttest, programme time and reading comprehension separately for different programme forms	113
5.15	Summary of analysis of variance	116
5.16	Summary of analysis of variance	118
5.17	Summary of analysis of variance	119
5.18	Summary of analysis of variance	121
5.19	Students' attitude towards programmed learning	122
6.1	Treatmentwise distribution of sample	134
