TABLE NO.	TITLE	PAGE
Chapter III		
3.1	: Distribution of Sample According to Sex.	.. 78
3.2	: Distribution of Sample According to Age Group of the Students.	.. 79
3.3	: Distribution of Sample according to Sex	.. 79
3.4	: Distribution of Sample according to Age Group of the Students.	.. 80
3.5	: The Chi Square Value of each Statement in the Area of Education Facilities.	.. 83
3.6	: The Chi-Square Value of Each Statement in the Area of Emotional Climate in the Home	.. 84
3.7	: Facultywise Classification of the Sample.	.. 86
Chapter IV		
4.1.1	: The Percentage of Students Facultywise.	.. 96
4.1.2	: Significance of Difference Between the Mean Scores of the Students in Relation to Their Faculties and Parental Occupation	.. 97
4.1.3	: Significance of Difference Between the Mean Score of Students in Relation to Their Faculties and Income.	.. 98
4.1.4	: Significance of Difference Between the Mean Scores of Students in Relation to Their Various Faculties and Parental Education.	.. 99
4.1.5	: Significance of Difference Between the Mean Scores of Organizational Membership in Relation to Various Faculties.	..100
4.1.6	: Significance of Difference Between the Mean Scores of Agricultural Land in Relation to Various Faculties.	..101
4.1.7	: Significance of Difference Between the Mean Scores of Type of House in Relation to Various Faculties.	..102

(List of Tables)

TABLE NO.	TITLE	PAGE
4.1.8	: Significance of Difference Between the Mean Scores of Farm Power in Relation to Various Faculties.	..103
4.1.9	: Significance of Difference Between the Mean Scores of Material Possession in Relation to Various Faculties.	..104
4.1.10	: Significance of Difference Between the Mean Scores of Earning Members in Relation to Various Faculties.	..105
4.1.11	: Significance of Difference Between the Mean Scores of Dependent Members in Relation to Various Faculties.	..106
4.1.12	: Significance of Difference Between the Mean Scores of Socio-Economic Status in Relation to Various Faculties.	..107
4.1.13	: Significance of Difference Between the Mean Scores of Educational Facilities in Relation to Various Faculties.	..108
4.1.14	: Significance of Difference Between the Mean Scores of Emotional Climate in the Home in Relation to Various Faculties.	..109
4.1.15	: Significance of Difference Between the Mean Scores of Parental Opinion for Education in Relation to Various Faculties.	..110
4.1.16	: Significance of Difference Between the Mean Scores of Parental Encouragement to Academic Achievement in Relation to Various Faculties	111
4.1.17	: Significance of Difference Between the Mean Scores of Home Environment in Relation to Various Faculties.	..112
4.1.18	: Significance of Difference Between the Mean Scores of Economic Management in Relation to Various Faculties.	..113
4.1.19	: Significance of Difference Between the Mean Score of Achievement in Relation to Various Faculties.	..114
