5.	Concept of the term 'city'.	10
6.	Classification of urban areas on basis of Census of India.	12
	Statutory towns	
	Non-Statutory towns	

7.	Hierarchy of urban settlement by population.	14
8.	Urban growth and pattern.	16
9.	Fringe development.	18
10.	References.	22
II.	APPROACH TO THE STUDY	23 - 48
1.	Study area.	23
2.	Location and environment of the study area –	26
	Site and situation.	
	Historical evolution of Anand.	
	Physiography.	
	Soil.	
	Water features.	
	Climate.	
3.	Objectives of the study.	38
4.	Review of literature.	40
5.	Methodological aspects –	44
	Collection of secondary data.	
	Collection of primary data.	
	Landuse pattern analysis and Satellite data.	
	Cartographic representation.	
6.	Organization of work.	46
7.	Reference.	48

III.	DEMOGRAPHIC STRUCTURE	49 - 100
1.	Introduction.	49
2.	Growth of population and variation in population.	51
3.	Fertility, mortality, mobility and survival rate.	52
4.	Population projection.	56
5.	Population density.	62
6.	Density of houses.	68
7.	Male/Female population.	71
8.	Sex ratio.	73
9.	Literacy.	76
10.	Work force.	80
11.	Occupational structure.	84
12.	Slums –	90 - 100
	Anand Slums.	92
	The physical indicators of slum.	93
	Social indicators of slum development.	93
	Suggestions and conclusion.	99
13.	References.	100
IV.	MORPHOLOGY AND LAND USE PATTERN	101 - 129
1.	Introduction.	101
2.	Structural Evolution.	103

3.	Functional Morphology –	106
	Residential units.	
	Settlement type and pattern.	
	Houses and buildings.	
	Trading and Commercial units.	
	Shopping units of station area.	
	Industrial units.	
	Educational units.	
	Public service and administrative units.	
	Roads of Anand.	
	Agricultural areas.	
4.	Urban land use.	116
5.	Urban sprawl –	123
	The study area as viewed by the Satellite.	
	Methodology.	
	Data products used.	
	Image processing and GIS technique.	
	Urban sprawl from 1952 to 1998.	
	Conclusion.	
6.	References.	129

V.	FUNCTIONS	130 - 168
1.	Introduction.	130
2.	Economic functions –	130
	Landuse and occupational category.	
	Agriculture.	
	Industries.	
	Trade and Commerce.	
	Transport and storage.	
3.	Social functions –	150
	Education.	
	Various educational trust, societies & their functions.	
	Research schemes and projects.	
	Libraries.	
	Medical and health services.	
	Public utility services.	
4.	Administrative functions –	165
	Anand Urban Development Authority.	
	Anand Municipal Employees Union.	
	Anand Municipal Staff Cooperative Consumer So.	
	Anand Municipal Office.	
5.	References.	168

VI.	SPHERE OF INFLUENCE	169 - 193
1.	Introduction.	169
2.	Anand's position in the region and regional planning.	169
3.	Delimitation of zone of influence.	171
4.	Method of delimiting zone of influence by empirical observation.	172
5.	Economic functions –	173
	Vegetables collecting and supply zone.	
	Urban field for tobacco.	
	*Accessibility and passenger flow.	
	Bus services.	
6.	Socio-cultural influences.	180
	Urban field for education.	
	Urban field for medical services.	
	Urban field for recreation.	
	Urban field for milk.	
7.	Administrative sphere.	187
8.	Position and extent of the Umland.	189
9.	Delimiting by Theoretical approach –	190
	The break point concept.	
	Methodology.	
10.	References.	193

VII.	PLANNING AND DEVELOPMENT	194 - 216
1.	Introduction.	194
2.	Planning and Development.	194
3.	Anand – Municipality functions and characteristics – Approach of corporation and improvements. Various T. P. Schemes.	195
4.	Anand and Developmental planning – City development plan. Land use plan. Proposed plan.	200
5.	Planning measures – The Art of unauthorized construction. Some suggestions. Law of land acquisition.	204
6.	Anand and regional planning.	210
7.	Physical layout and planning strategy.	211
8.	Social aspects of planning.	213
9.	Transport and communication aspects of planning.	214
10.	Other economic aspects.	215
11.	References.	216

VIII.	SUMMARY AND CONCLUSION	217 - 225
1.	The study in brief.	217
2.	Urban Morphology and spatial structure.	218
3.	Validity of the hypothesis and justification of objectives-	224
	Objectives achieved.	
	Hypothesis which proved to be valid for the present study	
	Hypothesis that proved to be invalid for the present study	
4.	Findings and suggestions.	225
