## **LIST OF FIGURES**

| <b><u>Figure No.</u></b> | <b><u>Title</u></b>  | <b><u>Page</u></b> |
|--------------------------|--|--------------------|
| 4.1                      | Sheppard's Triangle Diagram Showing the<br>Sediment Classification | 74-75              |
| 4.2                      | Sediment Classification of Rann and<br>Surrounding Area            | 74-75              |
| 4.3                      | Casagrande Plasticity Diagram                                      | 79-80              |
| 4.4                      | Plastic Behavior of Rann and Surrounding<br>Sediment               | 79-80              |
| 4.5                      | Ability of Water to Flow Through Different<br>Soil Types           | 82-83              |
| 4.6                      | Water Holding Capacity   | 90-91              |
| 5.1                      | Surface Configuration of Rann During Dry<br>and Wet Season         | 114-115            |
| 5.2                      | Slope Element and Related Drainage                                 | 133-134            |
